PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER. Keep out of reach of children. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles/faceshield, protective clothing, and rubber gloves. Harmful if swallowed. Wash thoroughly with soap and water before reuse. Remove contaminated clothing and wash before reuse. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, gonds, estuaries, oceans or other waters unless in accordance with the conrequirements of a National Pollutant Discharge Elimination System, (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sever systems without previously notifying the local sevage treatment plant authority. For guidance contact your state Water Board ιιιι ι ι ιιι or Regional Office of the EPA. ι

> ι ι ιι.ι. ι ι ιι.ι.

FIRST AID If in eyes: • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. • Call a poison control center or doctor for treatment advice. If on skin or clothing: • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice. If swallowed: • Call a poison control center, or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person. If inhaled: • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice. • Have the product container or label with you when calling a poison control center or doctor, or going for treatment. NOTE TO PHYSICIAN • Probable mucosal damage may contraindicate the use of gastric lavage.

(. . .

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling. INITIAL APPLICATION:

1 6

A) ALGAE NOT PRESENT:

In freshly filled pools or pools showing no visible algae growth, add one gallon of this product per 50,000 gallons of water to prevent algae growth.

10096

B) VISIBLE ALGAE:

If algae growth is observed, add one gallon of product for each 20,000 gallons of water to kill and control those algae species most commonly found in swimming pools. When existing growth is dead, clean the pool, drain and refill if necessary, and add one gallon of product per 50,000 gallons of water. If visible algae are still present or reappear, repeat this treatment procedure. MAINTENANCE DOSE:

1. If the pool water treated as in (A) or (B) above is recycled, add one gallon of product per 50,000 gallons of water every five to seven days to maintain between two and five parts per million of active ingredients. See serviceman for a test kit.

2. If the pool water treated as in (A) or (B) above is not recycled or not filtered, it should be tested periodically to determine the active ingredient content. When necessary, one gallon of product per 50,000 gallons of water should be added to maintain two to five parts per million of active ingredient.

Effective against green algae (Ankistrodesmus falcatus, Chlorella pyrenoidosa) and blue-green algae (Calothrix parietina, Nostoc sp., Oscillatoria sp. and Phormidium sp.).

NOTE: For maximum effectiveness, distribute this product dosage around pool edges or near pump where it can mix uniformly into the circulating water. Allow adequate time for thorough mixing before reentering pool (at least ten minutes). Clean pool of debris prior to treatment. DO NOT mix product with other chemicals; add directly to pool water.

This product may be used in all sizes and types of pools and is compatible with most waters and chemicals normally used in swimming pools. Does not require special equipment.

STORAGE AND DISPOSAL: Store in original container in areas inaccessible to children or persons unfamiliar with its use. Nonrefillable container. Do not reuse or refill container. Discard in the trash or offer for recycling if available. GENERAL: Consult Federal, State or local disposal authorities for approved alternative procedures.
