Subject: **Brom-AID**
EPA Registration No. 54998-9
Application Date: July 27, 2011
Receipt Date: August 15, 2011

Dear Ms. Evans:

This acknowledges receipt of your Notification submitted under the provision of PR Notice 98-10, and FIFRA section 3(c) 9.

Proposed Notification:

Registrant is changing storage and disposal label instruction per PR Notice 2007-4.

General Comment:

Based upon a review of the material submitted, the storage and disposal language is acceptable. A copy of the accepted notification has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, please contact Glen McLeod at mcleod.glen@epa.gov or call (703) 347-0181. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

A handwritten signature in black ink that reads "Monisha Harris".

Brom-Aid

BROM-AID is a solution of bromide salts which is activated by the addition of ENERGIZE. Bromine is released by the regular addition of ENERGIZE into the Spa/Hot Tub water containing BROM-AID. BROM-AID alone has no disinfectant properties but requires ENERGIZE to release the bromine. It has a two step process. Follow the directions on the ENERGIZE label.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Initial treatment:

1. Turn on the filtration system to circulate the water.
2. Treat Spa/Hot Tub with Prevent II before the addition of BROM-AID or ENERGIZE. Let water circulate for 30 minutes.
3. Add 5 ounces of BROM-AID per 250 gallons of water directly into the Spa/Hot Tub.
4. Add ENERGIZE as directed.

Weekly Treatment:

Add one ounce of BROM-AID per 250 gallons of water.

Due to varying bathing loads and frequency of use, Spa/Hot Tub water should be tested to maintain a bromine residual level of 2-3 PPM. During heavy use, increase the addition of BROM-AID and ENERGIZE to maintain this level.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID

<i>If swallowed:</i>	<ul style="list-style-type: none"> • Call a poison control center, or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
<i>If in eyes:</i>	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
<i>If on skin or clothing:</i>	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<i>If inhaled:</i>	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
	<ul style="list-style-type: none"> • Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
NOTE TO	<ul style="list-style-type: none"> • Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE: Store in original container in locked storage area. Do not contaminate water, food, or feed by storage or disposal.

DISPOSAL: Nonrefillable container. Do not reuse or refill empty container. Triple rinse (or equivalent).

Securely wrap container in several layers of newspaper and discard in trash, or offer for recycling if available.
