**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. USE ENTIRE CONTENTS OF BAG AFTER OPENING.

Bathers should not enter the treated pool until the chlorine level has dropped to 3 ppm or less.

Premix the POOL SHOCK in a pail of water and pour the solution in the deep end of the pool. Discard the undissolved material in the bottom of the pail. Always add the chemical to water; never add water to the chemical. Add POOL SHOCK at the rate of 1 lb. per 10,000 gallons of pool water. Treat pool with POOL SHOCK every two weeks during the heavy swimming pool periods.

For visible algae, treat pool with POOL SHOCK daily until algae is killed and turns brown. Vacuum dead algae from bottom of pool.

**STORAGE AND DISPOSAL:** Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood with large amounts of water to dissolve all material before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**  
**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container, if possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.
