 P.O. Box 728  
 Orange Park, FL 32078

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/site all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 55070-2."
  - b. Delete the phrase "Natural Pest Control Agent."
3. A storage stability study performed on this product must be submitted within fifteen (15) months of the date of this Registration Notice. The formulated product must be analyzed for its active ingredient at time zero and during a year of storage.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.
5. Delete the phrase "Natural Pest Control Agent" from the label.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION

**This product is an insect control agent intended for external use only. Harmful if swallowed. It is not to be taken internally by man or animals.**

**Avoid breathing dust. Avoid contact with eyes. In case of contact, immediately flush eyes with plenty of water. Get medical assistance if irritation persists. Wash hands thoroughly after use.**

**Do not contaminate food, food containers or cooking utensils. Do not use in serving areas while food is exposed. Do not contaminate countertops where food is prepared.**

**Do not use on wet carpets. Before using test small area of carpet for colorfastness. CARPET-GUARD is specially formulated to aid in removing carpet odors and as a carpet dry cleaner.**

**Do not allow children to play with this product.**

-----  
PURPOSE

**CARPET-GUARD is a quick-acting flea, tick and roach killing agent which deodorizes carpets while it kills pests. This fresh smelling powder is effective on all types of floors, floor-coverings and upholstered furniture. CARPET-GUARD is perfect for periodic treatments of any carpet exposed to your pet.**

**CARPET-GUARD carpet powder contains pyrethrins, an all natural active ingredient derived from the chrysanthemum plant, recognized for centuries as an effective insect control agent.**

**CARPET-GUARD carpet powder uses diatomaceous earth and naturally occurring bicarbonate of soda as a carrier.**

**CARPET-GUARD contains a naturally occurring ingredient derived from opals, a semiprecious stone, which acts as a carpet cleaning agent.**

**CARPET-GUARD has a pleasing scent to keep your carpet fresh and clean smelling.**

DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with the labeling.**

**Sprinkle PetGuard CARPET-GUARD liberally on all areas where fleas may hide. Apply thoroughly around woodwork, cracks, crevices, floor and floor coverings. Apply liberally in areas frequented by pets such as rugs, mattresses, upholstered furniture and pet bedding. Pets may lay on treated bedding. Do not allow puppies and kittens under six (6) weeks of age to contact treated areas before vacuuming.**

**Let PetGuard CARPET-GUARD remain for 30 to 60 minutes before vacuuming. Repeat as necessary.**

**If infestation is heavy, let PetGuard CARPET-GUARD remain for one to two days. Application areas may then be vacuumed and repeated as necessary.**

---

DISPOSAL AND STORAGE

**Do not reuse empty container. Wrap container and place in trash.**
