Subject: Label Amendment – Adding Hazelnuts (Filberts) and Incorporating Registration Review Interim Decision Mitigation for Aliphatic Solvents
Product Name: BVA Spray 13
EPA Registration Number: 55206-2
Application Date: March 21, 2018; March 13, 2020
Decision Number: 539679; 560717

Dear Ms. Hensley:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is attached for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Aliphatic Solvents Interim Decision, and has concluded that your submission is acceptable.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process.

Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Debra Rate by phone at (703) 306-0309, or via email at rate.debra@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Walsh", written in a cursive style.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1) Only for formulation into products with the following use(s):

- Spray use on alfalfa, almonds, apples, apricots, asparagus, avocados, bananas, barley, beans, beets, blueberries, bushberries, cabbage, caneberries, cauliflower, celery, cherries, Christmas trees, citron (citrus), coffee, cole crops*, corn, cotton, cranberry, cucurbits, eggplant, figs, filberts (hazelnuts), flowers, foliage plants, grapefruit, grapes, hops, kiwifruit, kumquat, lemons, lettuce, limes, mandarins, mangos, nectarines, olives, onions, oranges, ornamentals, papayas, peaches, pears, pecans, peppers, pineapples, pistachios, plantains, plums, prunes, pumpkins, rice, shade trees, shrubs, sorghum, soybeans, squash, strawberries, sweet corn, tobacco, tomatoes, and walnuts.
- Mosquito larvae control: in swamps, marshes, floodwater areas, drainage areas, waste treatment, settling ponds, ditches, and other manmade depressions.

2) This product may also be used to formulate products for any additional use(s) not listed on the manufacturing-use product label if the formulator, user group or grower has complied with U.S. EPA submission requirements regarding support of such uses(s).

*Cole crops include: Broccoli, Broccoli raab, Brussels sprouts, Cavalo broccolo, Chinese broccoli, Chinese cabbage (Bok choy, Napa), Chinese mustard cabbage (Gai choy), Collards, Kale, Kohlrabi, Mizuna, Mustard greens, Mustard spinach, Rape greens

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry locked place out of the reach of children.

PESTICIDE DISPOSAL: Pesticide, or rinse solution that cannot be used according to label instructions must be disposed of according to applicable Federal, state, or local procedures.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into the mix tank. Fill the container $\frac{1}{4}$ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into the mix tank or store rinsate for later disposal. Repeat this procedure two more times. Then offer for recycling, if available. If recycling is not available, puncture container and dispose of it in a sanitary landfill or by other approved State and local procedures.

TERMS

To the extent consistent with applicable laws, the seller's guarantee is limited to the terms on the label. The buyer accepts the product on these conditions. Timing and method of applications, crop conditions, weather, and mixtures with chemicals in the use of this product are beyond the control of the seller.
