U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number: 55206-3
 Date of Issuance: NOV 19 2009

NOTICE OF PESTICIDE:
 Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance: Unconditional
 Name of Pesticide Product: BVA SPRAY 15

Name and Address of Registrant (include ZIP Code):
 B-V Associates, Inc.
 48845 West Road
 Wixom, MI 48393
 ATTN: David Vincent

5835528
676/1275

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

The Confidential Statement of Formula (CSF) dated "June 10, 2009" is accepted and replace all CSFs previously accepted for this product.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted subject to the comments in this letter.

See page 2 for required label changes.

You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after 12 months from the date of this Notice or the next printing of the label whichever occurs first, must bear the new revised label. A stamped copy of the label is enclosed for your records. If you have any questions, please contact William Jacobs at 703-305-6406 or jacobs.bill@epa.gov.

Label Changes for EPA Reg. No. 55206-3

The changes identified below must be made to the proposed label that is marked "Revised 062909".

1. In the "**FORMULATORS ARE RESPONSIBLE ... PRODUCT**" line directly above the statement of ingredients, replace "**PRODUCT**" with "**PRODUCTS.**"
2. In the statement of ingredients, footnote the term used for the active ingredient ("Mineral Oil") with the phrase "Contains petroleum distillates".
3. In the "**FIRST AID**" box, after the sentence "Have the product container or label with you when ... treatment", add the sentence "You also may contact 1-800-xxx-xxxx for emergency medical treatment information." You are responsible for identifying and inserting an appropriate telephone number.

The "**FIRST AID**" box should be subdivided by inserting lines between the sets of bulleted items that pertain to each route of exposure ("**IF SWALLOWED:**", "**IF ON SKIN OR CLOTHING:**", "**IF IN EYES:**", and "**IF INHALED:**").

4. Change the "**NOTE TO PHYSICIAN:**" text to read as shown below.

This product contains petroleum distillates and may pose an aspiration pneumonia hazard.

5. Insert the words "**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**" between the lines "**PRECAUTIONARY STATEMENTS**" and "**CAUTION**".
6. In the "**DIRECTIONS FOR USE**" section, replace "This product is intended for formulation into end-use products for:" with "This product may only be used to formulate end-use products labeled for:". In the "Spray use" list, delete the vague expression "fruit trees" and replace "all citrus" with a list of specific types of citrus trees.
7. In the sentence that comes immediately below the heading "**STORAGE AND DISPOSAL**" ("Do not contaminate water, food, or feed by storage **and** disposal"), replace "and" with "or".
8. Revise the "**CONTAINER DISPOSAL:**" paragraph to be consistent with 40 CFR §156 Subpart H and PR Notice 2007-4, as revised April 29, 2008. Note that distinct statements are needed depending upon the sizes of containers used and whether they are refillable. The master label must indicate the statements that are proposed to be used for each type and size range of container. As this product is for manufacturing purposes only, the statements used should not refer to application equipment. When revising this paragraph, be sure to retain text pertaining to the ultimate disposal of containers.

9. The company name --BVA Oils, Inc. -- indicated on the label and in other recent correspondence for this product differs from the name B V Associates, Inc., that our records show to be linked to the company number "55206". Our records further show that the company number "70589" is linked to BVA Oils (which has a postal address similar to that for B V Associates). If our records are reversed on this point, please inform us immediately so that we can make the needed changes. If our records are correct, you will have to change the company name on the label for this product to B V Associates or formally request to transfer the registration for this product from B V Associates to BVA Oils.

10. It is recommended that your company's telephone number be provided underneath the company's address.

BVA SPRAY 15

4/5

For Formulator Use Only

FORMULATORS ARE RESPONSIBLE FOR OBTAINING EPA REGISTRATION FOR THEIR END-USE PRODUCT

ACTIVE INGREDIENT:

% BY WT.

Mineral Oil *..... 100.0%
