

U.S. ENVIRONMENTAL PROTECTION AGENCY

Washington, D.C. 20460

Office of Pesticide Programs
Registration Division (7505T)
1200 Pennsylvania Ave., N.W.

55206-6

EPA Reg. Number:

Date of Issuance:

9/25/24

NOTICE OF PESTICIDE:

X Registration
Reregistration

(under FIFRA, as amended)

Conditional

Term of Issuance:

Name of Pesticide Product:

BVA Spray 10R

Name and Address of Registrant (include ZIP Code):

BVA, Inc. 29222 Trident Industrial Blvd. New Hudson, MI 48165

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

 Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:	Date:
Affair .	9/25/24
Michael Walsh, Product Manager 11	
Invertebrate Vertebrate Branch 2 (IVB2), Registration Division (7505T)	

- 2. You are required to comply with the data requirements described in the generic data call-in (GDCI) identified below:
 - a. Aliphatic Solvents GDCI-063502-1688

You must comply with all the data requirements within the established deadlines. If you have questions about the GDCI listed above, you may contact the Chemical Review Manager in the Pesticide Re-Evaluation Division: http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1

- 3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 55206-6."
- 4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance. If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

Basic CSF dated 9/14/2017

If you have any questions, please contact David Drawbaugh at Drawbaugh.David@epa.gov.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- 1) Only for formulation into products with the following use(s):
 - Spray use on alfalfa, almonds, apples, apricots, asparagus, avocados, bananas, barley, beans, beets, blackberries, blueberries, boysenberries, bushberries, caneberries, cantaloupe, cauliflower, celery, cherries, Christmas trees, cilantro, citron (citrus), cocoa, coffee, cole crops (Broccoli, Broccoli raab, Brussels sprouts, Cavalo broccolo, Chinese broccoli, Chinese cabbage (Bok choy, Napa), Chinese mustard cabbage (Gai choy), Collards, Kale, Kohlrabi, Mizuna, Mustard greens, Mustard spinach, Rape greens), corn, cotton, cranberry, cucumber, cucurbits, eggplant, figs, filberts (hazelnuts), flowers, foliage plants, garlic, ginger, ginseng, grapefruit, grapes, grass seed, hops, kiwifruit, kumquat, leeks, lemons, lettuce, lima beans, limes, macadamias, mandarins, mangos, melons, nectarines, okra, olives, onions, oranges, ornamentals, papayas, peaches, peanuts, pears, peas, pecans, peppermint, peppers, pineapples, pistachios, plantains, plums, pomegranate, potato, prunes, pumpkins, radish, raspberry, rice, shade trees, shallot, shrubs, snap beans, sorghum, southern peas, soybeans, spearmint, squash, strawberries, sugar cane, sugar beets, sweet corn, sweet potato, tangelo, tangerine, tobacco, tomatoes, walnuts, watermelon, wheat, and yellow squash
 - Mosquito larvae control: in swamps, marshes, floodwater areas, drainage areas, waste treatment, settling ponds, ditches, and other manmade depressions.
- 2) This product may be used to formulate products for any additional use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such uses(s).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry locked place out of the reach of children.

PESTICIDE DISPOSAL: Pesticide, or rinse solution that cannot be used according to label instructions must be disposed of according to applicable Federal, state, or local procedures.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Triple rinse or pressure rinse container (or equivalent) promptly after emptying.

Triple rinse as follows: Empty the remaining contents into formulation equipment or store rinsate for later use or disposal and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times.

Pressure rinse as follows: Empty the remaining contents into formulation equipment and continue to drain for 10 seconds after the flow begins to drip. Hold container upside down over formulation equipment or store rinsate for later use or disposal. Insert pressure rinsing nozzle in the side of the container, and rinse at about 40 psi for at least 30 seconds. Drain for 10 seconds after the flow begins to drip.

TERMS

To the extent consistent with applicable laws, the seller's guarantee is limited to the terms on the label. The buyer accepts the product on these conditions. Timing and method of applications, crop conditions, weather, and mixtures with chemicals in the use of this product are beyond the control of the seller.
