Gig Harbor, WA 98332

Subject: PRIA Label Amendment – Add additional pests, revise Direction for Use
Product Name: Fipronil-Plus-C
EPA Registration Number: 55431-15
Application Date: 07/15/2019
Decision Number: 553346

Dear Ms. Tillman

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 55431-15
Decision No. 553346

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Vanessa Emerson by phone at 703-347-0360, or via email at emerson.vanessa@epa.gov

Sincerely,

A handwritten signature in cursive script that reads "J. Herrick".

Fipronil-Plus-C

For Indoor and Outdoor Crack and Crevice Uses Only

FOR USE IN AND AROUND STRUCTURES AS A CRACK AND CREVICE APPLICATION ONLY AND OUTDOOR SPOT TREATMENTS: Apartments, Campground Structures, Transportation Equipment (Buses, Cargo Trucks, Trailers, and Trains), Homes, Hospitals and Nursing Homes (non-patient areas), Hotels, Motels, Hobby Greenhouses, Interiorscapes, Office Buildings, Food/Feed Handling Establishments (nonfood/feed areas), Restaurants, Military/Government Buildings, Schools (when not in use), Warehouses and other Commercial and Industrial Buildings

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- DO NOT use on/in commercial bee hives.
- DO NOT use on animal trophies or animal skins.

For sale to, use, and storage only by individuals/firms licensed or registered by the state to apply Fipronil-Plus-C and/or general pest control products. See inside booklet for additional Restrictions, First Aid, Precautionary Statements, Directions For Use, and Conditions of Sale and Limitation of Warranty and Liability.

*KILLS: Ants and Fire Ants (excluding Carpenter, Harvester, and Pharaoh Ants), Asian Lady Beetles, Boxelder Bugs, Brown Marmorated Stink Bugs, German Cockroaches, Crickets, Earwigs, House Flies, Pillbugs, Spiders: Black Widow spiders (excluding Brown Recluse and Hobo spiders), and Adult Fleas.

ACTIVE INGREDIENT:

Fipronil (1*H*-Pyrazole-3-carbonitrile, 5-amino-1-[2,6-dichloro-4-(trifluoromethyl)phenyl]-4-[(trifluoromethyl)sulfinyl]-.....0.65%

OTHER INGREDIENTS:.....99.35%

TOTAL:.....100.00%

Contains 0.054 lb fipronil per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

CAUTION

ENVIRONMENTAL HAZARDS

This pesticide is toxic to birds, fish and aquatic invertebrates. DO NOT apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Care must be taken to avoid runoff. DO NOT contaminate water by cleaning equipment or disposal of wastes. DO NOT contaminate water when disposing of equipment washwater or rinsate.

PHYSICAL AND CHEMICAL HAZARDS

DO NOT mix or allow contact with oxidizing agents. Hazardous chemical reaction may occur.

NET CONTENTS: 16 Fl. Oz.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

SHAKE WELL BEFORE USING

USE RESTRICTIONS

- DO NOT contaminate public and private water supplies.
- After application, the applicator must check for deposition of treatment finished dilution in locations other than those prescribed on this label. If found, finished dilution must be cleaned up before leaving the application site.
- DO NOT allow residents, children, other persons, or pets to contact contaminated areas or to reoccupy contaminated areas of the structure until cleanup is completed.
- DO NOT contaminate water, food or feed. Cover or remove all exposed food, feed and drinking water.
- DO NOT use indoors except for applications into structural voids.
- DO NOT make treatments while precipitation is occurring.
- DO NOT allow applications to runoff or drip from treated surface.
- DO NOT apply within 5 feet of wells or cisterns.
- DO NOT apply to French drains or other permeable drainage.
- DO NOT apply within 15 feet of freshwater bodies (e.g., lakes, reservoirs, rivers, permanent streams, marshes, natural ponds, commercial fish ponds). A 15-foot buffer of uniform groundcover must exist between the application area and freshwater bodies. NOTE: Uniform ground cover is defined as land which supports vegetation of greater than 2 inches in height throughout.
- DO NOT apply within 60 feet of estuarine water bodies. Estuarine water bodies are brackish or tidal water bodies (e.g., bays, mouths of rivers, salt marshes, lagoons).
- Doors and windows adjacent to surfaces to be treated must be closed during application.
- DO NOT apply to wasp or hornet nests if they are not attached to the structure exterior or inside structural voids.
- DO NOT apply to playground equipment and pet quarters.
- Do not apply to any outdoor impervious surfaces.
- DO NOT allow people or pets to contact treated surface until residue is dry.
- DO NOT apply this product to air conditioning units or air intake vents.
- DO NOT apply this product to classrooms while occupied.
- DO NOT apply this product in hospitals and/or nursing home rooms while occupied.
- DO NOT apply this product to aircraft cabins.
- DO NOT apply this product as a space spray.
- DO NOT apply this product in conduits in houses, junction boxes, switch boxes, or other electrical equipment because of possible shock hazard.
- DO NOT apply this product in transportation equipment while occupied.
- DO NOT apply this product in or on boats.
- DO NOT apply to areas of piers†, bridges†, or any other structures that may contact surface

water bodies.

- DO NOT treat within 1 foot of edible plants.
- Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.
- DO NOT apply this product in any area-wide manner for outdoor general insect control away from structures.
- DO NOT apply to areas where food/feed, food utensils or food processing surfaces may become contaminated.
- DO NOT apply to voids in any equipment or machinery used in the storage, processing, or preparation of food.
- DO NOT treat soil that is water saturated or frozen, or in conditions where runoff or movement of product/finished dilution from the treated area/site will occur.

†Do not apply to piers or bridges or trees or tree stumps in the State of California.

APPLICATION INSTRUCTIONS

This product when diluted with water can be used to kill listed* insects when treated directly for spot treatment indoors and outdoors. This product kills listed* insects including black widow spiders (excluding Brown Recluse and Hobo spiders), fire ants, house flies, German cockroaches and fleas where they are found in voids through direct application to the insect. This product can be applied in voids around commercial and residential structures as well as structural and non-structural voids that are subject to attack by, or provide harborage to, listed* insects. Applications can be made from the interior and/or exterior. Kills listed* insects when applied directly with the dilution of 0.25 fl. oz./gal.

Application Instructions	
Dilution Rates	<p>1. When 1.5 fl oz (45.4 ml) is diluted in one gal of water, the active ingredient concentration is equivalent to 0.0076% Fipronil. Use the 1.5 fl oz (0.0076%) dilution for severe pest infestation.</p> <p>2. When 0.75 fl oz (22.7 ml) is diluted in one gal of water, the active ingredient concentration is equivalent to 0.0038% Fipronil. Use the 0.75 fl oz (0.0038%) dilution for initial service or clean out treatments.</p> <p>3. When 0.25 fl oz (7.5 ml) is diluted in one gal of water, the active ingredient concentration is equivalent to 0.0013% Fipronil. Use the 0.25 fl oz (0.0013%) dilution for maintenance treatments.</p>
Mixing Information	<p>This product is intended to be mixed with water and applied as a spot treatment or void treatment using a hand pressurized sprayer or backpack. Shake this product well before measuring concentrate for dilution in water. Mix the appropriate amount of this product with water. Thoroughly shake to insure proper suspension. Diluted mixture can be stored over night, but agitate well before using. If spray screens are used, they should be 50 mesh or larger.</p>
How To Apply	<p>Apply as a spot treatment only directly to ants (excluding carpenter, Harvester and Pharaoh), fire ants, fleas, Black widow spiders, and German cockroaches within the void to be killed.</p>
Areas to apply	<p>Indoor Spot Treatment Only for Listed* Crawling Insects: Use in voids where insects are known or suspected. Locations for indoor treatment may include areas associated with unexposed wooden elements inside wall voids, in and around bath traps, shower voids, pipe chases, utility penetrations, crawl spaces, attics, and unexposed wooden elements inside walls,. Make void applications indoors where listed pests enter, hide or harbor in voids, entryway thresholds, molding around doorways, windows, voids behind baseboards, under sinks, bath and shower voids, and wall voids. DO NOT apply as a full surface spray. This application is only intended for localized areas of existing or potential insect activity and must not be applied to indoor voids for the purposes of general pest control.</p> <p>This product is to be applied as a spot treatment only.</p> <p>Outdoor Treatment: Apply as a spot treatment only where listed pests hide, enter or harbor.</p> <p>Ants (excluding Carpenter, Fire, Harvester, and Pharaoh Ants): Spot-treat harborages or ant trails outdoors associated with decks, fences or other non-structural elements.</p>

Application Instructions	
	<p>Non-Food/Feed Areas of Food/Feed Handling Establishments: Applications are permitted in the non-food/feed areas of food/feed handling establishments as an indoor or exterior spot treatment only. Application of this product in non-food/feed areas of food/feed handling establishments other than as an indoor void or outdoor spot treatment is not permitted. Treat voids from the exterior or interior where listed* insects enter, hide or harbor. Apply directly into indoor voids or as an outdoor spot application in small amounts between different elements of construction, openings leading into voids and hollow spaces in floors, walls, ceilings, equipment legs and bases, around plumbing pipes, doors and windows, cabinets, sinks, stoves and other places where insects may enter the establishment.</p> <p>Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared, or served. Food/feed areas are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food. Serving areas where food is exposed and the facility is in operation are also considered food areas.</p> <p>Non-food/feed areas are garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after packaging, canning or bottling).</p>
Reapplication Interval	This product may be applied to previously treated sites if activity is found 30 days after previous application.

***Pests Controlled**

Ants (excluding Carpenter, Harvester and Pharaoh Ants)

Asian Lady Beetles

Boxelder Bugs

Brown Marmorated Stink Bugs

Crickets

Earwigs

Pillbugs

***Pests Killed**

Spiders including Black Widow spiders (excluding Brown Recluse and Hobo spiders), Fire Ants, House Flies, German Cockroaches and Fleas

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Store in original container in a secured dry storage area. Avoid extremes in temperatures. Prevent cross contamination with other pesticides and fertilizers. If the container is leaking and/or material is spilled on floor or paved surfaces, absorb on saw dust or other commercially available absorbing material, sweep up and remove to chemical waste area for your disposal. Concentrate is stable at normal storage temperatures.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING

Nonrefillable container. DO NOT reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability. **CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Arizona Chemical Group LLC. All such risks shall be assumed by the user or buyer. **DISCLAIMER OF WARRANTIES:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARIZONA CHEMICAL GROUP LLC MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Arizona Chemical Group LLC is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARIZONA CHEMICAL GROUP LLC DISCLAIMS ANY LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. **LIMITATIONS OF LIABILITY:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT ARIZONA CHEMICAL GROUP LLC'S ELECTION, THE REPLACEMENT OF PRODUCT.
