[NOTE: Copy for Outside Container]

NOT REVIEWED
In Accordance with EPA Notice 82-40,
Based on Drug Labeling dated 12-5-88

DIRECTIONS FOR USE — See the label on the outside container.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool place. Do not store where children or animals may gain access.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State or local authorities, by burning. If burned, stay out of smoke.

WARRANTY — CONDITION OF SALE

DIRECTIONS FOR USE: If this product are based on field use and tests believed reliable, it should be followed carefully. It is, however, impossible to eliminate all risks associated with use of this product. In any case, Herring, Inc., or the Seller, be liable for any injury or loss, special or indirect damages, resulting from the misuse or improper handling of this product. The foregoing is a condition of sale by Herring, Inc., and is accepted as such by the Buyer.

[NOTE: Supplemental use directio. enclosed in container]

The Recipe for Roaches DIRECTIONS FOR USE:

To apply:

Remove units from container, and press against surface to be treated until it is flattened and adheres to the surface.

Use at a rate of 2-4 units per 100 sq. ft. of area to be treated.

Repeat every 2 to 4 weeks as necessary.

Insecticide sprays may be repellent to insects controlled by **THE RECIPE**. Do not use insecticidal sprays in areas where **THE RECIPE** is to be applied.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

To control cockroaches, ants and silverfish, apply under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs; into openings, around drains, water pipes and electrical conduits, and in cracks / crevices along baseboards and corners of cabinets, cupboards and closets. Remove all drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then apply in drawer wells.

Apply only in areas inaccessible to children and pets. Avoid contamination of food and foodstuffs

This product may be used in homes, restaurants, and other food and feed handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers

HERRING, INC.

Route 1, Box 307 Slocomb, Alabama 36375
(205) 886-3347

FOOD AND FEED HANDLING ESTABLISHMENTS

FOOD AREAS:

Food area application limited to crack and crevice treatment only

For places other than private residences in which food or food is held, processed, prepared or served. Includes areas for receiving, storage, packing (canning, bottling, wrapping & boxing) preparing edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where roaches hide

Care should be taken to avoid depositing the product onto exposed surfaces. Avoid contamination of food or food processing surfaces

SERVING AREAS:

Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed)

NON-FOOD AREAS:

Including garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling)

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter

Applications of this product in the food areas of food handling establishments, other than as a crack and crevice treatment, are not permitted.

Gentlemen:

Subject: "The Recipe"
EPA Registration No. 55501-1
Your Letter Dated June 14, 1988

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below.

1. Modify "Replacement" section as follows:

To apply . . . surface to be treated until it is flattened and adheres to the surface. Use at a rate . . . as necessary.

2. Delete "DIRECTIONS OF USE: First treatment: 8 to 12 Patties; Repeat in 2 to 4 weeks."

3. Revise your warranty as follows:

- a. Delete "Because . . . THE BUYER."
- b. Delete "Herring, Inc. . . . MERCHANTABILITY."
- c. Modify next to last sentence as follows:

In no case . . . from the misuse or improper handling of this product.

- d. Delete last sentence.

4. Changing "dry" to "cool" is acceptable.

Submit five (5) copies of your final printed labeling before you release the product for shipment.
