WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

March 15, 2011

Ms. Leslie C. Garcia,
Regulatory Agent for
CRC Industries, Inc.
c/o Technology Sciences Group, Inc.
712 Fifth Street, Suite A
Davis, CA 95616-4174

**Subject: Label Notification(s); Pesticide Registration Notification (PRN) 98-10
CRC® Wasp & Hornet Killer Plus™, EPA Registration No. 55809-3
Your Submissions Dated March 1, 2011 & March 8, 2011**

Dear Ms. Garcia:

The Agency is in receipt of your application for Pesticide Notifications under Pesticide Registration Notification (PRN) 98-10, dated March 1, 2011 and March 8, 2011, for the referenced product. The Registration Division has conducted a review of these requests for their applicability under PRN 98-10, and finds that the action(s) requested fall within the scope of PRN 98-10.

Please be reminded that 40 CFR §156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-Notification/PRN 98-10) or durably marked on the container itself.

The label submitted with this application has been time-stamped "Notification," and will be placed within the administrative file for this product. If you have any questions, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

FIRST AID

If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Hotline Number: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week.**

Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION: Contains petroleum distillates. May be fatal if inhaled. Do not breathe vapors or spray mist. Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean highwater mark. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Exposure to temperature above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- This product is intended for outdoor use only.
- Do not apply this product directly to pets (companion animals).
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Only protected handlers may be in the treated area during application.
- Do not apply when food is present. Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply when windy.
- Applications outdoors are limited to spot treatments or crack and crevice treatments, except for: (1) Barrier, perimeter or band applications to soil or vegetation around structures up to a

CRC® Wasp & Hornet Killer Plus™; EPA Reg. No. 55809-3
Label notification to correct active ingredient statement.

MASTER LABEL - Label version (2) - dated March 8, 2011

- maximum of 10 feet away from the building; and (2) Band applications to building foundations, up to a maximum of 3 feet up the walls of the building.
- Remove pets, birds and cover fish aquariums before application.

WASPS AND HORNETS: Hold container in upright position to spray. Stand safe distance (6-12 feet) from nest and not directly underneath. Align actuation opening at nest with wind at your back. Spray until nest is thoroughly wet. Hit wasps and hornets on nest when possible. Best time to spray is early morning or in evening since wasps and hornets congregate on or in nest at night. Avoid spraying plant foliage as injury may occur. For outdoor use only. Not a space spray. To prevent dying insects from falling on skin and clothing, do not stand directly under nest being sprayed.

BLACK WIDOW SPIDERS: Spray directly on spiders and web.

SCORPIONS: Spray directly on insects.

FIRE ANTS: Spray directly on ants and mounds.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. **If recycling is not available, place in trash. If partly filled:** Call your local solid waste agency for disposal instructions.

- Applications outdoors are limited to spot treatments or crack and crevice treatments, except for: (1) Barrier, perimeter or band applications to soil or vegetation around structures up to a maximum of 10 feet away from the building; and (2) Band applications to building foundations, up to a maximum of 3 feet up the walls of the building.
- Remove pets, birds and cover fish aquariums before application.

To kill Fire Ants in their mounds: DO NOT DISTURB MOUND PRIOR TO TREATMENT. Attach injector rod to can by threading the rod onto the spray nozzle. Slowly drive rod into the mound while spraying and continue until reaching the bottom of the nest. Spray at a rate of 5-10 seconds per injection. Inject the mound 3-6 places depending on the size of the mound. Space injection sites in a circular pattern on the mound surface with one site in the center. For best results, treatment should be made in early morning or late evening when ants are least active.

To kill Fire Ants on the surface: Without using the injector rod sweep surface with spray from a distance of 18 inches. Do not apply when windy.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.
Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.
Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. If recycling is not available, place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions.
