Washington, DC 20036

Subject: Label Amendment - Registration Review Mitigation for Phenothrin and Tetramethrin
Product Name: CRC Wasp & Hornet Killer Plus
EPA Registration Number: 55809-3
Case Number: 477313 and 480186
Application Dates: March 24, 2021

Dear Pete Stevenson:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Phenothrin and Tetramethrin Interim Decisions, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Stephanie Burkhardt by phone at 919-541-4543, or via email at burkhardt.stephanie@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Costello". The signature is written in a cursive style with a large initial "K".

Kevin Costello, Branch Chief
Risk Management and Implementation Branch 2

FIRST AID

If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Hotline Number: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week.**

Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION: Contains petroleum distillates. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin and or clothing. Do not breathe vapors or spray mist. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean highwater mark. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS: Combustible. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- For outdoor use only.
- Do not apply this product directly to pets (companion animals).
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Only protected handlers may be in the treated area during application.
- Do not apply when food is present. Cover or thoroughly wash before use all food surfaces and utensils.
- Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Treat surfaces to ensure thorough coverage but avoid runoff.
- Do not apply when windy.
- Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- Do not apply or irrigate to the point of runoff.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.
- All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses: (1) Applications to pervious surfaces such as soil, lawn, turf, and other vegetation; (2) Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g. driveways, sidewalks, etc.), up to 2 feet above ground level; and (3) Applications to vertical surfaces directly above pervious surfaces (such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.
- To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.
- Remove pets, birds and cover fish aquariums before application.

WASPS AND HORNETS: Hold container in upright position to spray. Stand safe distance (6-12 feet) from nest and not directly underneath. Align actuation opening at nest with wind at your back. Spray until nest is thoroughly wet. Hit wasps and hornets on nest when possible. Best time to spray is early morning or in evening since wasps and hornets congregate on or in nest at night. Avoid spraying plant foliage as injury may occur. For outdoor use only. Not a space spray. To prevent dying insects from falling on skin and clothing, do not stand directly under nest being sprayed.

BLACK WIDOW SPIDERS: Spray directly on spiders and web.

SCORPIONS: Spray directly on insects.

FIRE ANTS: Spray directly on ants and mounds.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. If recycling is not available, place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- For outdoor use only.
- Do not apply this product directly to pets (companion animals).
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Only protected handlers may be in the treated area during application.
- Do not apply when food is present. Cover or thoroughly wash before use all food surfaces and utensils.
- Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Treat surfaces to ensure thorough coverage but avoid runoff.
- Do not apply when windy.
- Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum of 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- Do not apply or irrigate to the point of runoff.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.
- All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses: (1) Application to pervious surfaces such as soil, lawn, turf, and other vegetation; (2) Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level; and (3) Applications to vertical surfaces directly above pervious surfaces (such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.
- To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.
- Remove pets, birds and cover fish aquariums before application.

To kill Fire Ants in their mounds: DO NOT DISTURB MOUND PRIOR TO TREATMENT. Attach injector rod to can by threading the rod onto the spray nozzle. Slowly drive rod into the mound while spraying and continue until reaching the bottom of the nest. Spray at a rate of 5-10 seconds per injection. Inject the mound 3-6 places depending on the size of the mound. Space injection sites in a circular pattern on the mound surface with one site in the center. For best results, treatment should be made in early morning or late evening when ants are least active.

To kill Fire Ants on the surface: Without using the injector rod sweep surface with spray from a distance of 18 inches. Do not apply when windy.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. If recycling is not available, place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions.

Optional Label Claims

Claims specific to Sublabel A:

- Wasps, Hornets, Black Widow Spiders, Fire Ants & Scorpions

Claims specific to Sublabel B:

- Fire Ant Killer

General claims:

- Kills on contact (from 20 feet away)
- No CFCs
- Contains No CFCs which deplete the ozone layer
- MSDS Label™
- To view M.S.D.S.: Tear (DO NOT CUT) label by running a fingernail down between perforations. Fold back label. After viewing, reattach label. Do not remove until can is empty.
- No CFCs (logo); CONTAINS NO CFCS WHICH DEplete THE OZONE LAYER
- Made in U.S.A.
- UPC Code
