Subject: Amended Reregistration Label
Product Name: CRC BeeBlast Wasp & Hornet Killer with Residual
EPA Registration Number: 55809-4
EPA Decision Numbers: 436072, 413306 and 410195

Dear Ms. Rudnick:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the PBO, tetramethrin and permethrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 2/16/11
- Alternate CSF, dated 2/16/11

A copy of your label stamped "Accepted" is enclosed along with copies of the acute

toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jennifer Urbanski at 703-347-0156 or urbanski.jennifer@epa.gov.

Sincerely,

 Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

*Enclosures: Label stamped "Accepted," dated 9/20/11

CRC® BeeBlast® Wasp & Hornet Killer with Residual

ACTIVE INGREDIENTS:

Tetramethrin	0.10 %
Permethrin*	0.25 %
Piperonyl Butoxide**	0.50 %
OTHER INGREDIENTS:	99.15 %
TOTAL	100.00 %

- Contains petroleum distillates

*Cis/trans ratio: min. 35% (+/-) cis and max. 65% (+/-) trans.
 ** (butylcarbyl)(6-propylpiperonyl) ether and related compounds.

ACCEPTED
SEP 20 2011
 Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended, for the
 pesticide registered under:

EPA Reg. No: 55809-4

KEEP OUT OF REACH OF CHILDREN
CAUTION

See Back Panel for Additional Precautions

EPA REG. NO. 55809- 4

EPA EST. NO. 55809-PA-1

Part No. XXXXX

NET CONTENTS: 14 oz (397 g)

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> • Immediately call a poison center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of <i>Medical</i> emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-877-315-9819.	
NOTE TO PHYSICIAN	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters. See directions for use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Physical and Chemical Hazards

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- This product is intended for outdoor use only.
- Do not allow adults, children, or pets to enter the area until sprays have dried.
- Remove pets, birds, and cover fish aquariums before spraying.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Do not make application during rain.
- Do not water the treated area to the point of runoff.
- Avoid spraying vegetation directly.
- Do not apply when food is present.
- Remove or cover exposed food and drinking water before application.
- All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:
 - Treatment to soil around structures
 - Applications to building foundations, up to a maximum height of 3 feet

Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structure surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. May cause staining (darkening) of asphalt surfaces and shingles. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill **wasps, hornets, yellow jackets** and **bees** under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1 - 2 seconds or until surfaces are moist.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Optional Label Claims

- **QUICK KILL; KILLS FAST; KILLS WASPS, HORNETS, YELLOW JACKETS & BEES ON CONTACT**
- **KILLS WITH RESIDUAL ACTION AS WASPS & HORNETS RETURN TO NEST**
- **JET SPRAY - WILL REACH NESTS UP TO 20 FEET ABOVE GROUND; SPRAYS UP TO 20 FEET**
- **KILLS WASPS, HORNETS, YELLOW JACKETS & BEES - TRIPLE ACTION**
- **ELECTRICALLY NON-CONDUCTING; DIELECTRIC BREAKDOWN VOLTAGE OF 47,300 VOLTS**
- **INSTANT KNOCKDOWN; PREVENTS NESTING**
