Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted", with comments. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following change and submit one (1) copy of final printed labeling to us before your ship your product:

If California determines that you cannot sell this product in that state, add the following text at the top of the Front Panel of this label:

Not for sale or distribution in California.

1. Signature of Approving Official:

for
Tina E. Levine
Chief, Insecticide-Rodenticide Branch
Registration Division (7505C)

Date:

6-20-01

Existing stocks of labels Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of this condition.

Confidential Statement of Formula (CSF) Your CSF dated August 23, 1995, is acceptable. A copy is in your files. All other CSFs are obsolete.

EPA contact If you have any questions about this letter, please contact Dan Peacock by phone (703-305-5407), fax (703-305-6596), or E-Mail (peacock.dan@epa.gov).

CAUTION. See additional PRECAUTIONARY STATEMENTS on Back Panel.

FIRST AID

Have label with you when obtaining treatment advice.

If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.
If in eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

NOTE TO PHYSICIAN
Probable mucosal damage may contraindicate the use of gastric lavage.

NET WEIGHT 10 1/2 FL. OZ. (300 GMS)

HOT FOOT BIRD REPELLENT

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

To repel pigeons from buildings and adjacent structures. This product may be applied to girder edges, beams, ledges, gutters, window sills, signs, cornices, and similar surfaces. Wear disposable gloves when using this product. Do not apply at location where desirable species of birds might become entangled in the repellent.

PRE-APPLICATION DIRECTIONS:

Building surfaces to be treated should be dry and cleaned to remove droppings, dust, etc. On porous surfaces a sealer such as Crystal Coat™ should be applied before using Hot Foot® gel. Do not apply in wet, damp or freezing conditions. HFI recommends that a coating of Crystal Coat™ be applied to all Hot Foot® gel applications to protect against discoloration caused by dust and dirt and to minimize the contact of birds' feathers with gel.

APPLICATION DIRECTIONS:

Apply in stripes 1/4" thick and run in a worm-like path as described below. For wide surfaces it may be necessary to repeat at 3 inch intervals.

PARTIALLY FILLED CARTRIDGES:

Place cap or tape on tip of tube to prevent product from contacting eyes.

REMOVAL:

Any organic solvent such as kerosene and mineral turpentine will remove Hot Foot® gel.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Small birds may become fatally entrapped by this tacky repellent. To reduce hazards to legally protected species, and to avoid noncompliance with Federal Migratory Bird Treaty Act, follow all instructions in the Directions for use.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Store in an area inaccessible to children and pets. Do not store near food or feed. Do not store in an environment which will corrode the plastic cartridge. Any leaking cartridge should be disposed of as directed below.

PESTICIDE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container. Securely wrap original cartridge in several layers of paper and dispose in trash.
