PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (and Domestic Animals)

CAUTION

Avoid Breathing Spray Mist. Certain persons may be sensitive to MAVRIK AQUAFLOW fine spray particles. For indoor applications, persons other than applicator should not be present at time of application. Use a properly fitted NIOSH approved respirator for use with pesticides to avoid potential irritation to nose and throat from fine spray particles. For sensitive persons using Mavrik Aquaflow outdoors, use a NIOSH approved filter mask respirator for dusts and mists. Respiratory effects are temporary and will generally subside without medical treatment. Causes mild eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wear rubber gloves while handling. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash contaminated clothing with soap and water before reuse.

Sensitive individuals may temporarily experience an itching, burning or tingling sensation, with or without a rash, following exposure. These symptoms will usually subside without requiring medical treatment. Avoid hand or sleeve-to-face contact. Prior to exposure, or after washing, an application of corn oil may reduce these symptoms. Workers in frequent contact with treated foliage should wear light barrier gloves to reduce excess exposure.

Keep pets off treated turf until treatment dries because some sensitive pets eating or coming in contact with freshly treated turf may demonstrate vomiting and respiratory distress.

5916

STATEMENT OF PRACTICAL TREATMENT

- IF IN EYES:** Flush eyes with plenty of water. Call a physician if irritation persists.
- IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.
- IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water. Apply corn oil to affected area to relieve symptoms. Get medical attention if irritation persists.
- IF SWALLOWED:** Call a physician or poison control center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious person.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish. For terrestrial uses, do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Use with care when applying in areas adjacent to any body of water. Do not apply when weather conditions favor drift from the target area. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL/CHEMICAL HAZARD

Do not use or store near heat or open flame.

Subject: Compliance Notification - PR 93-3

Dear Product Manager:

Sandoz Agro, Inc. herein submits notification of compliance with PR 93-3, Labelling Statement Prohibiting Application to Water, for Sandoz Products under the Environmental Hazards section of the Precautionary Statements.

Mr. Jeff Kempter of Registration Division has allowed use of this master letter and a single 8570-1 amendment form (# 202655) for all Sandoz Products listed on the following page. For each product under your responsibility (highlighted on list) there is attached a copy of the amendment form and the labelling with the addition of "For terrestrial uses," to the previous water application prohibition under Environmental Hazards.

Final printed labelling including the "For terrestrial uses." will be submitted for each product as new label stock is printed. All production released after April 21, 1994 will include the revised statement. Would you please add this notification to the appropriate registration jacket? Thanks for your assistance.

Sincerely,
SANDOZ AGRO, INC.

Jeff W. Popp
