Subject: Compliance Notification - PR 93-3

Dear Product Manager:

Sandoz Agro, Inc. herein submits notification of compliance with PR 93-3, Labelling Statement Prohibiting Application to Water, for Sandoz Products under the Environmental Hazards section of the Precautionary Statements.

Mr. Jeff Kempter of Registration Division has allowed use of this master letter and a single 8570-1 amendment form (# 202655) for all Sandoz Products listed on the following page. For each product under your responsibility (highlighted on list) there is attached a copy of the amendment form and the labelling with the addition of "For terrestrial uses," to the previous water application prohibition under Environmental Hazards.

Final printed labelling including the "For terrestrial uses," will be submitted for each product as new label stock is printed. All production released after April 21, 1994 will include the revised statement. Would you please add this notification to the appropriate registration jacket? Thanks for your assistance.

Sincerely,
SANDOZ AGRO, INC.
