 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Javelin[®] Technical Concentrate

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Sandoz Agro, Inc.
1300 East Touhy Avenue
Des Plaines, Illinois 60018

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If EPA determines, at any time, that additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under section 3(c)(2)(B) of FIFRA.

1. Add the phrase, "EPA Registration No. 55947-146" to the label and submit five (5) copies of your final printed labeling before you release the product for shipment.
2. Represent the active ingredient statement of your product as both Lepidopteran active toxin and as units of potency. Then add the Potency Statement just below the ingredients statement as follows: "Potency units should not be used to adjust use rates beyond those specified in the Directions for Use section." If you are unable to represent the active ingredient using both insect active toxin and units of potency, please provide an explanation as to why you are unable to express the active ingredient using both methods.
