US ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF PESTICIDES PROGRAMS  
REGISTRATION DIVISION (75-767)  
WASHINGTON, DC 20460

EPA REGISTRATION NO.  
56077-39

DATE OF ISSUANCE  
NOV 21 1990

TERM OF ISSUANCE

NOTICE OF PESTICIDE: ☐ REGISTRATION  
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Propanil 80% WDG Herbicide

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

⌈  
Fedar Chemical Corporation  
5100 Poplar Avenue, 24th Floor  
Memphis, TN 38127  
⌋

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit a copy of the final printed labeling for Propanil 80% WDG, EPA Reg. No. 56077-39, to your letter dated 11/21/90 with the requested revisions.

2. Submit a copy of the final printed labeling for Propanil 80% WDG, EPA Reg. No. 56077-39, to your letter dated 11/21/90 with the requested revisions.

3. Submit a copy of the final printed labeling for Propanil 80% WDG, EPA Reg. No. 56077-39, to your letter dated 11/21/90 with the requested revisions.

4. Submit a copy of the final printed labeling for Propanil 80% WDG, EPA Reg. No. 56077-39, to your letter dated 11/21/90 with the requested revisions.

5. These conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

6. The above conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

7. The above conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

8. The above conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

9. The above conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

10. The above conditions are not intended to be a condition of sale. The product will be subject to cancellation if it does not comply with the Act. The release for placement of the product on the market is subject to the conditions of the registration.

**CEDAR CHEMICAL CORPORATION**

**PROPANIL 80% WDG  
HERBICIDE**

**For Postemergence Control of Broadleaf and Grass Weeds in Rice Fields.**

**Active Ingredient:**

3',4'-Dichloropropionanilide	80.00
Inert Ingredients:	20.00
<b>TOTAL</b>	<b>100.00</b>

This product contains 0.5 lb. of 3',4'-Dichloropropionanilide (Propanil) per pound of formulated product

EPA Reg. No. 56077-G0  
EPA Est. No. 56077-AR-1

**PRECAUTION AL USUARIO: SI USTED NO LEE INGLES. NO USE ESTE PRODUCTO HASTA QUE LA ETIQUETA LE HAYA SIDO EXPLICADA AMPLIAMENTE**

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION-CAUTION**

**STATEMENT OF PRACTICAL TREATMENT:**

**If Swallowed:** Induce vomiting immediately by drinking 1 or 2 glasses of water and sticking finger down throat. Get medical attention.

**If on Skin:** Wash contaminated areas thoroughly with soap and water. Do not reuse contaminated clothing until washed. Get medical attention if irritation persists.

**If in Eyes:** Flush with plenty of water. Get medical attention.

**PRECAUTIONARY STATEMENTS**  
**CAUTION**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** Harmful if swallowed, absorbed through the skin or inhaled. Causes eye irritation. Avoid breathing spray mist or dust. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling. In case of contact, immediately flush eyes or skin with plenty of water. Remove contaminated clothing and wash before reuse. Get medical attention if irritation persists. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water except as specified on this label. Do not contaminate water when disposing of equipment washwaters.

**AGRICULTURAL CHEMICAL**  
DO NOT SHIP OR STORE WITH FOOD, FEEDS,  
DRUGS, OR CLOTHING.

**FOR CHEMICAL SPILL, LEAK, FIRE OR  
EXPOSURE, CALL TOLL FREE 1-800-424-9300**

## **DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with this labeling.

**REENTRY STATEMENT:** Do not enter treated areas without protective clothing until sprays have dried. Protective clothing should include: hat or other suitable head covering, long sleeved shirt and long legged trousers, or a coverall type garment, shoes and socks.

Because certain states may require more restrictive re-entry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. The front panel PRECAUTIONARY STATEMENTS should be read to workers as well as the instruction not to enter until sprays have dried. When oral warnings are given, warnings shall be given in language customarily understood by workers. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. Written warnings must include the following information:

**CAUTION:** Area treated with PROPANIL on (date of application). Do not enter without appropriate protective clothing until sprays have dried. (Insert here Statements of Practical Treatment as on front panel.)

---

## **STORAGE AND DISPOSAL**

**STORAGE:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not store this product near fertilizers, seeds, insecticides, or fungicides. Containers should not be stacked more than 3 containers high. Reclose all partially used containers by thoroughly tightening screw cap. Damaged or leaking containers which contain product that cannot be used immediately should be transferred to suitable sound containers and properly marked. Any spilled material should be thoroughly swept up and transferred to the new container or disposed of as indicated under "Pesticide Disposal".

For safety and prevention of unauthorized use all pesticides should be stored in locked facilities.

To prevent accidental misuse, different pesticides should be stored in separate areas with enough distance between to provide clear identification. Opened, partially used pesticides should be stored in original containers when possible. When transfer to another container is necessary because of leakage or damage, carefully mark and identify contents of new container.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

---

#### WHERE TO USE

**CEDAR CHEMICAL'S PROPANIL 80% WDG** is used for postemergence control of broadleaf and grass weeds in RICE fields. Do Not apply this product (directly or indirectly ) to any crop except rice.

#### WEEDS CONTROLLED

Barnyardgrass (watergrass), brachiaria, coffeeweed, crabgrass, croton, curly indigo, foxtail, goosegrass, gulf cockspur, mexicanweed, millet (Texas), paragrass, pigweed, sourdock, spearhead, wiregrass.

(PROPANIL 80% WDG will not control arrowhead, bermudagrass, cattail, ducksalad, johnsongrass, nutgrass, red rice and sprangletop.)

#### GENERAL INFORMATION

Several important factors should be taken into account to achieve a high efficiency of selective weed control with PROPANIL 80% WDG. These include uniform application, growth stage and weather conditions. To assure uniform application mix the prescribed amount of PROPANIL 80% WDG with a sufficient volume of water to provide thorough coverage of target area. For aerial applications use approximately 10 gallons of water, or for surface (ground) applications 20-30 gallons of water per acre at sufficient spray pressure. Agitate tank mixes thoroughly and continuously. Avoid over and under application.

Growth stage of weeds is very important. Best results for selective weed control are obtained when most grasses have reached the 1 to 3 leaf stage.

Proper field preparation is essential to ascertain a relatively clod free and level surface and to obtain uniform flood levels and growth. Fields may be flushed prior to treatment to produce uniform and vigorous grass germination and growth. Drain water from fields prior to applying PROPANIL 80% WDG. Higher rates

are recommended to control larger grasses or exposed weeds when rice fields are not completely drained. Inspect rice fields regularly to select the correct application time.

DO NOT apply this product through any type of irrigation system.

Weather conditions must be observed closely. Under cool weather conditions higher rates are required to achieve satisfactory control. Avoid application if rain threatens within 6 to 8 hours, or if wind velocities are high enough to cause drift and irregular spray patterns.

Do not apply when wind conditions will allow drift to adjacent, susceptible crops such as beans, soybeans, cotton, safflower, cucurbits, vegetables, orchards (such as almonds, prunes and grapes) and other sensitive crops.

Consult Extension Service for detailed application advice.

#### RECOMMENDED BROADCAST RATE

Apply 3.75 pounds of PROPANIL 80% WDG per acre when most grasses have reached 1 to 3 leaf stage. Use 5 to 7.5 pounds of PROPANIL 80% WDG per acre when the grasses are large (4 to 6 leaf stage) or when unseasonably cool weather conditions prevail or in cases where rice fields have not been drained completely and where weeds are large.

Barnyardgrass may be controlled up to 30 to 45 days after planting, before rice plants have reached the fully tillered growth stage.

**NOTE:** PROPANIL 80% WDG applied to rice after the 4 leaf stage may cause visible injury under some climatic conditions. Rice plants usually outgrow such injury.

**NOTE:** Water drained from treated rice fields must not be used to irrigate other crops or be released within 1/2 mile upstream of a potable water intake in flowing water (i.e. river, stream, etc) or within 1/2 mile of a potable water intake in a standing body of water such as a lake, pond or reservoir.

**IN CALIFORNIA--**Use PROPANIL 80% WDG only where rice fields are not completely drained. If higher water level is desired, reflood field after 12 hours and before 7 days after treatment. This will discourage new weed infestations. Do not apply PROPANIL 80% WDG within 14 days before or after insecticide applications. Serious injury to rice may occur.
