NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conformant with the requirements in accordance with FIFRA section 3(c)(7)(B) provided that you:

1. Obey/cite all applicable laws, regulations, registrations, reregistrations of your product under FIFRA section 3(c)(7)(B) and the Agency requires all registrants of similar products to submit the following:

2. Make the labeling changes to the label before you release the product for sale:

- Add the phrase "EPA Registration No. 56100-4."
- Add a copy of the following statement to the label:

- Update the label to reflect the following information: you have

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

8/26/88

3. For data matrix requirements, a statement of composition, which contains a complete description of the formulation process, equipment used, mixing time, temperature, etc., must be submitted.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and foodstuffs.

Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

PHYSICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT: If Swallowed, do not induce vomiting because of aspiration hazard. Get medical attention. If on Skin, wash off with soap and warm water. Get medical attention if irritation persists. If in Eyes, flush with plenty of water. Get medical attention if irritation persists.

STORAGE AND DISPOSAL: Storage: Store in cool, dry area away from heat or open flame. Disposal: Do not re-use empty container. Wrap container and put in trash collection.

DIRECTION FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Kills Cockroaches, Mosquitoes, Houseflies, Confused Flour Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Spiders, Centipedes, Ticks, Pill Bugs, Crickets.

Cover exposed food, dishes and food-handling equipment. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. **PUT OUT ALL FLAMES AND PILOT LIGHTS.** Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

Ticks and Fleas; Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with registered tick control product prior to re-entry.

TO OPERATE VALVE: Place fogger on stand or table in the center of the room, placing several layers of newspaper or pad under fogger. To lock valve in open position for automatic discharge, tilt sprayer away from face and press firmly on sprayer tab. Press all the way down, hooking the catch. Set can upright on paper or pad and

leave building at one. Keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.
