--	--

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

161 / 256131

18 / 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration in this way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to refuse use if it has been covered by others.

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed or absorbed through skin. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover aquariums before spraying.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Statement of Practical Treatment

- IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.
- IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.
- IF ON SKIN: Wash with soap and warm water. Call a physician if irritation persists.
- IF INHALED: Remove victim to fresh air. Call a physician if effects occur.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

- SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS...
- FOR A COARSE WET SPRAY: Place finger on top of spray button and push straight down.
- FOR A LONG REACH: 10 foot stream, push spray button forward with tip of finger.

For Household Use and Use in Non-Food Areas of Industrial Buildings: schools, warehouses, office buildings, theatres, garages, hotels, motels, and kennels.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects. Before spraying cover exposed food and utensils.

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harbouring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

To Kill Exposed Forms of Confused Flour Beetles, Saw-toothed Grain Beetles, and Rice Weevils: Find and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.

To Kill Sowbugs, Centipedes, Silverfish, Firebrats and Spiders: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harbouring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.

To Kill Fleas and Brown Dog Ticks: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

FOR CRACK AND CREVICE:

To Kill Ants, Cockroaches, Crickets, Silverfish, Sowbugs, Spiders, Brown Dog Ticks, Fleas and Carpet Beetles: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide.

Avoid contamination of food or food processing surfaces.

Storage and Disposal

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
