4700 River Road  
Riverdale, MD 20737

Subject: Label Amendment – To add use directions permitting more baits to be applied per acre, but within the same maximum annual rate  
Product Name: Acetaminophen for Brown Treesnake Control  
EPA Registration Number: 56228-34  
Application Date: June 9, 2015  
Decision Number: 506207

Dear Mr. Warren:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 506207

with FIFRA section 6. If you have any questions, please contact Gene Benbow by phone at 703-347-0235, or via email at [Benbow.Gene@epa.gov](mailto:Benbow.Gene@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to be 'MS' with a long horizontal stroke extending to the right.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

### CAUTION

Si usted no entiende la etiqueta, busque alguien para que se la explique a usted en detalle (If you do not understand the label, find someone to explain it to you.)

READ THE ENTIRE LABEL AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS. THIS LABEL MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF PESTICIDE APPLICATION.

#### PERSONAL PROTECTIVE EQUIPMENT (PPE):

People who handle the product must wear:

- Long-sleeved shirt and long pants
  - Socks and shoes
  - Waterproof or rubber gloves
- Applicators who handle bait must wear:
- Waterproof or rubber gloves

#### User Safety Requirements:

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions are provided for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

#### Use Safety Recommendations:

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

## ACETAMINOPHEN FOR BROWN TREESNAKE CONTROL

#### ACTIVE INGREDIENT

Acetaminophen.....72.73%

#### OTHER INGREDIENTS

.....27.27%

#### TOTAL

.....100.00%

*This product may be used only to control brown treesnakes (Boiga irregularis) in non-crop areas in and around military bases, airports, shipping ports, and other areas where brown treesnakes may be present.*

## KEEP OUT OF REACH OF CHILDREN

# CAUTION PRECAUTION

#### FIRST AID

Have label with you when calling a doctor or poison control center, or obtaining treatment advice.

<b>If swallowed</b>	<ul style="list-style-type: none"> <li>• Call doctor or poison control center immediately.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by a doctor or the poison control center.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>If on skin or clothing</b>	<ul style="list-style-type: none"> <li>• Remove contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call poison control center or doctor for treatment advice.</li> </ul>
<b>If inhaled</b>	<ul style="list-style-type: none"> <li>• Remove person to fresh air.</li> <li>• If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth.</li> <li>• Call poison control center or doctor for further treatment advice.</li> </ul>
<b>If in eyes</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call poison control center or doctor for treatment advice.</li> </ul>

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use only by employees of the U.S. State and Federal governments, the Government of Guam or the Commonwealth of the Northern Mariana Islands trained in brown treesnake control, or persons under their direct supervision.

#### USE RESTRICTIONS:

**DO NOT** apply this product in a manner that will contaminate food, feed, and water.

**DO NOT** apply this product in a manner where it is accessible to children or domestic animals.

**DO NOT** apply treated baits in areas where there is a danger that threatened or endangered species will consume baits unless special precautions are taken to limit such exposures. Such precautions shall include applying treated baits inside bait stations that will exclude threatened or endangered species that otherwise might feed upon baits.

**SINGLE BAIT PREPARATION:** Acetaminophen baits made using dead mouse pups (approximate age: 10-15 days) may be prepared by one of the two following methods: 1) insert one 80-mg or two 40-mg acetaminophen tablets into the throat of a dead mouse pup, or 2) affix one 80-mg or two 40-mg acetaminophen tablets to the outside of a dead mouse pup.

**BAIT STATIONS:** Construct bait stations from lengths of PVC pipe that are 2 to 4 inches (5.1 to 10.2 cm) in diameter and 12 to 18 inches (30.5 to 45.8 cm) in length. Alternatively, use wire mesh funnel traps. Hang bait stations in trees and on fences at heights of approximately 4-9 feet (1.5 meters) above ground. Place single mouse baits inside individual bait stations. Place bait stations at intervals of approximately 22 yards (20 meters) or greater in and around forested areas and along fence lines. Bait density must not exceed 15 baits per acre (36 baits per hectare). Bait stations may be restocked at a minimum interval of two days and may be operated continuously throughout the year.

**ACCEPTED**

Jul 06, 2015

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under number 56228-34  
EPA Reg. No. 56228-34

## DIRECTIONS FOR USE, continued

**BROADCAST APPLICATION:** Baits may be hand broadcast or dropped from helicopters and fixed-wing aircraft. If the desired bait placement is in the forest canopy, use pre-packaged bait designed for aerial broadcast uses, or manually attach a small piece of netting or other material to the bait. Apply no more than 50 baits per acre (120 baits per hectare) per aerial drop, with a minimum interval between drops of 3 days. No more than 150 baits per acre (360 baits per hectare) may occur within a 4-month period, and no more than 450 baits per acre (1,080 baits per hectare) may occur within a single year.

## ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

## STORAGE AND DISPOSAL

**Do not contaminate water, food, or feed by storage and disposal.**

**Pesticide Storage:** Store only in a closed container in a dry place that is inaccessible to children, pets and domestic animals.

**Pesticide Disposal:** If the product cannot be disposed of through use in accordance with product label directions, contact your Territorial Pesticide or Environmental Control agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Offer for recycling, if available. Otherwise, puncture and dispose of in a sanitary landfill or incinerator, or, if allowed by state and local authorities, burn. If burned, stay out of smoke.

## ENDANGERED SPECIES CONSIDERATIONS

**NOTICE:** It is a Federal offense to use any pesticide in a manner that results in the death of an endangered species. Before undertaking any control operations with the product, consult with local, State, and Federal wildlife authorities to ensure the use of this product presents no hazard to any endangered species.

To reduce the hazard baiting may present to non-target species, consultation and concurrence will be obtained from Federal and local wildlife management authorities (e.g., U.S. Fish and Wildlife Service (FWS) Ecological Services, and Government of Guam Division of Aquatic and Wildlife Resources) prior to use in threatened or endangered species habitat (including habitat of the Mariana crow, Guam rail, or other reintroduced species).

### Threatened or endangered Species – Guam:

Bat, Little Mariana fruit (*Pteropus tokudae*)  
Bat, Mariana fruit (*Pteropus mariannus mariannus*)  
Broadbill, Guam (*Myiagra freycineti*)  
Crow, Mariana (*Corvus kubaryi*)  
Kingfisher, Guam Micronesian (*Halcyon cinnamomina cinnamomina*)  
Mallard, Mariana (*Anas oustaleti*)  
Moorhen, Mariana common (*Gallinula chloropus guami*)  
Rail, Guam (*Gallirallus owstoni*)  
Sea turtle, green (*Chelonia mydas*)  
Sea turtle, hawksbill (*Eretmochelys imbricata*)  
Sea turtle, leatherback (*Dermochelys coriacea*)  
Sea turtle, loggerhead (*Caretta caretta*)  
Swiftlet, Mariana gray (*Aerodramus vanikorensis bartschi*)

Endangered Plants: Iagu, Hayun (*Serianthes nelsonii*)

### Threatened or endangered Species – Commonwealth of the Northern Mariana Islands:

Crow, Mariana (*Corvus kubaryi*)  
Mallard, Mariana (*Anas oustaleti*)  
Megapode, Micronesian (*Megapodius laperouse*)  
Monarch, Tinian (*Monarcha takatsukasa*)  
Moorhen, Mariana common (*Gallinula chloropus guami*)  
Rail, Guam (*Gallirallus owstoni*)  
Sea turtle, green (*Chelonia mydas*)  
Sea turtle, hawksbill (*Eretmochelys imbricata*)  
Sea turtle, leatherback (*Dermochelys coriacea*)  
Sea turtle, loggerhead (*Caretta caretta*)  
Swiftlet, Mariana gray (*Aerodramus vanikorensis bartschi*)  
Warbler, nightingale reed (*Acrocephalus luscini*)

Endangered Plants: Iagu, Hayun (*Serianthes nelsonii*)
