_x__ Registration Reregistration

(under FIFRA, as amended)

Term of Issuance: Conditional

Name of Pesticide Product:

Technical Grade Basic Cupric Carbonate

Name and Address of Registrant (include ZIP Code):

ADCHEM (Australia) PYL LTD:

P.O. Box 103 Linkson Street,

Burra, S. Australia 5417 Australia

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- 2. Make the labeling changes listed below before you release the product for shipment.
 - a. Add the phrase "EPA Registration Number 56248-2

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use only in:

- · formulating antifouling wood coating products
- formulating wood preservative products
- formulating agricultural bactericide and fungicide products
- formulating aquatic algaecide and herbicide products
- formulating root control products and containers

It is the responsibility of formulators using this product to register all formulations made from it with the EPA as a wood preservative, antifouling wood coating, agricultural fungicide, agricultural bactericide, aquatic algaecide, aquatic herbicide or root control product.

Before using the product to formulate any wood preservative, antifouling wood coating, agricultural fungicide, agricultural bactericide, aquatic algaecide, aquatic herbicide or root control product, be sure to consult the technical manual, which is available from the manufacturer.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Store product in a tightly closed container. Store product in a cool, dry, well-ventilated area. Isolate from incompatible substances, including sodium hypobromite, acetylene, hydrazine, nitromethane and strong acids.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. Id these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for Guidance.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
