**DIRECTIONS FOR USE**

**It is a violation of Federal Law to use this product  
in a manner inconsistent with its labeling**

**CheckMate® PTB-XL** is a behavior modifying biochemical product (pheromone) which functions by mating disruption. It is to be used for control of peach twig borer (*Anarsia lineatella*). The PTB-XL pheromone is contained in, and released from, a solid matrix hand applied dispenser.

**RECOMMENDED APPLICATION:** For use on peaches, nectarines, apricots, plums, prunes, cherries and other stone fruits; almonds and other tree nut crops. The recommended rate of application of **CheckMate PTB-XL** is 150-200 dispensers per acre. Apply the first application early in the season, after the first peach twig borer moth is detected with a pheromone trap, such as **BioLure®**. Follow the **BioLure Technical Bulletin** for trap placement. Monitor for insect infestation with traps and by visual inspection of shoots and fruit. Re-apply **CheckMate PTB-XL** as needed, based on monitoring results and field scouting. *Do not exceed a total of 150 grams a.i./acre/year.*

**METHOD OF APPLICATION:** Apply dispensers by hand to small limbs of crop to be protected. Hang dispensers from thumb-size limb to secure placement. Place dispensers in the upper one-third of the tree, or higher.

Wash hands after application. Do not handle other types of insect lures before or after lure placement without thoroughly washing hands. Place monitoring traps in the orchard before handling **CheckMate PTB-XL**. Monitor treatments carefully, especially for other pests.

Reseal containers immediately after use. Store unused product in a refrigerator or freezer. Do not use **CheckMate PTB-XL** from damaged, punctured or unsealed containers.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. **PESTICIDE STORAGE:** Store containers in cool place until used. **PESTICIDE DISPOSAL:** Wastes resulting from use of this product may be disposed of on-site or at an approved disposal facility.

**WARRANTY AND LIMITATION OF DAMAGES**

Consep, Inc. warrants that this material conforms to the chemical description on the label.
