

CHECK^{SF}MATE

DUAL DISPENSER SYSTEM

Active Ingredients (OFM Dispenser):

| | |
|-------------------------------|---------|
| Z-8-Dodecen-1-yl Acetate..... | 8.06% |
| E-8-Dodecen-1-yl Acetate..... | 0.52% |
| Z-8-Dodecen-1-ol..... | 0.09% |
| Inert Materials..... | 91.33% |
| TOTAL..... | 100.00% |

Net Weight: 180 mg active ingredients minimum per dispenser.

Active Ingredients (PTB Dispenser):

| | |
|-----------------------------|---------|
| E-5-Decen-1-yl Acetate..... | 11.93% |
| E-5-Decen-1-ol..... | 2.48% |
| Inert Materials..... | 85.59% |
| TOTAL..... | 100.00% |

Net Weight: 160 mg active ingredients minimum per dispenser.

A BIOCHEMICAL PESTICIDE FOR MATING DISRUPTION OF ORIENTAL FRUIT MOTH (*Grapholita molesta*) AND PEACH TWIG BORER (*Anarsia lineatella*)

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

Avoid contact with skin, eyes or clothing. IF ON SKIN - In case of contact, flush area with water. Obtain medical attention if irritation persists. Wash thoroughly with soap and water after handling. IF IN EYES - Flush with plenty of water. Call a physician if irritation persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes eye irritation. Avoid contact with eyes, skin or clothing. Avoid contact of the release area and pheromone reservoir inside dispenser with eyes, skin or clothing. In case of contact, flush with water. Obtain medical attention if irritation persists. Wash skin thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

Keep out of lakes, ponds or streams. Do not contaminate water by disposal of wastes.

Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 56336-22

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

CheckMate® SF is a behavior modifying biochemical product (pheromone) which functions by mating disruption. It is to be used for control of oriental fruit moth (*Grapholita molesta*), and peach twig borer (*Anarsia lineatella*). The OFM and PTB pheromones are each contained in, and released from, separate solid matrix hand applied dispensers, included on the same attachment device, for ease of application.

RECOMMENDED APPLICATION: For use on peaches, nectarines, apricots, plums, prunes, cherries, almonds, and any other stone fruits and tree nut crops where these pests are a common problem. The recommended rate of application of CheckMate® SF is 100 to 400 dispenser attachment devices (each containing two dispensers) per acre. [Alternate: single numbers or ranges of numbers of dispensers per acre between 100 to 400 (250 to 600 per hectare) may be used, e.g. 150, 200, 150-300, 100-400, etc.] Apply the first application early in the season, after detection of the first oriental fruit moth and prior to detection of the first peach twig borer moth, using separate OFM and PTB BioLure® traps. Follow the BioLure Technical Bulletins for trap placement. Monitor for insect infestations with traps and by visual inspection of trees, shoots and fruit. Re-apply CheckMate SF based on monitoring results and field scouting. Do not exceed 150 grams a.l./acre/year for either of the pheromone active ingredients (a total of 833 dispenser attachment devices/acre/year).

METHOD OF APPLICATION: Apply dispensers to thumb-size limbs of crop to be protected. Place dispensers in the upper one-third of the canopy of the tree. Distribute dispensers uniformly throughout the block. If there is a persistent and prevalent wind, apply one dispenser attachment device to every tree on the upwind side of the orchard and then evenly distribute the remaining dispensers in the block.

Wash hands after application. Do not handle other types of insect lures before or after lure placement without thoroughly washing hands. Place monitoring traps in the orchard before handling CheckMate® SF. Monitor treatments carefully for secondary pests.

Reseal containers immediately after use. Store unused product in a refrigerator or freezer not used for food storage. Do not use CheckMate® SF from damaged, punctured or unsealed containers.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE - Store container in cool place until used. PESTICIDE DISPOSAL - Wastes resulting from use of this product may be disposed of on-site or at an approved disposal facility. CONTAINER DISPOSAL - Do not reuse container. Discard in trash.

WARRANTY AND LIMITATION OF DAMAGES

Consep, Inc. warrants that this material conforms to the chemical description on the label. Consep, Inc. neither makes, nor authorizes any agent or representative to make, any other warranty of fitness or of merchantability, guarantee or representation, express or implied, concerning this material. Consep, Inc.'s maximum liability for breach of this warranty shall not exceed the purchase price of this product. Buyer and user acknowledge and assume all risks and liabilities resulting from the handling, storage and use of this material, whether in accordance with directions or not.
