## A BIOCHEMICAL PESTICIDE FOR MATING DISRUPTION OF ORIENTAL FRUIT MOTH (Grapholita molesta) AND PEACH TWIG BORER (Anarsia lineatella)

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS Keep Out Of Reach Of Children

## **CAUTION**

Causes eye irritation. Avoid contact with skin, eyes or clothing. Avoid contact of the circular release area of dispenser with skin, eyes, or

clothing. Wash thoroughly with soap and water after handling.

### STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: In case of contact, flush area with water and wash thoroughly with soap and water. Obtain medical attention if irritation persists.

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

#### ENVIRONMENTAL HAZARDS

Keep out of lakes, ponds or streams. Do not contaminate water by disposal of wastes.

Manufactured by: Consep, Inc. 213 Southwest Columbia St. Bend, Oregon 97702 1-800-367-8727 Fax (541) 388-3705

#### **DIRECTIONS FOR USE**

#### It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CheckMate<sup>®</sup> SF-200 is a behavior modifying biochemical product (pheromone) which functions by mating disruption. It is to be used for control of oriental fruit moth (*Grapholita molesta*), and peach twig borer (*Anarsia lineatella*). The OFM and PTB pheromones are each contained in, and released from, separate solid matrix hand applied dispensers, included on the same attachment device, for ease of application.

RECOMMENDED APPLICATION: For use on peaches, nectarines, apricots, plums, prunes, cherries, almonds, and any other stone fruit and tree nut crops where these pests are a common problem. The recommended rate of application of CheckMate<sup>®</sup> SF-200 is 100 to 400 dispenser attachment devices (each containing two dispensers) per acre. [Alternate: single numbers or ranges of numbers of dispensers per acre between 100 and 400 (250 to 600 per hectare) may be used, e.g. 150, 200, 150-300, 100-400, etc.]. Apply the first application early in the season, after detection of the first oriental fruit moth and prior to detection of the first peach twig borer moth, using separate OFM and PTB BioLure<sup>®</sup> traps. Follow the BioLure<sup>®</sup> Technical Bulletins for trap placement. Monitor for insect infestations with traps and by visual inspection of trees, shoots and fruit. Re-apply CheckMate<sup>®</sup> SF-200 based on monitoring results and field scouting. Do not exceed 150 grams a.i./acre/year for either of the pheromone active ingredients (a total of 750 dispenser attachment devices/acre/year).

**METHOD OF APPLICATION:** Apply dispensers to thumb-size limbs of crop to be protected. Place dispensers in the upper one-third of the canopy of the tree. Distribute dispensers uniformly throughout the block. If there is a persistent and prevalent wind, apply one dispenser attachment device to every tree on the upwind side of the orchard and then evenly distribute the remaining dispensers in the block.

Wash hands after application. Do not handle other types of insect lures before or after lure placement without thoroughly washing hands. Place monitoring traps in the orchard before handling CheckMate<sup>®</sup> SF-200. Monitor treatments carefully for secondary pests.

Reseal containers immediately after use. Store unused product in a refrigerator or freezer not used for food storage. Do not use CheckMate<sup>©</sup> SF-200 from damaged, punctured or unsealed containers.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE - Store container in cool place until used. PESTICIDE DISPOSAL - Wastes resulting from use of this product may be disposed of on-site or at an approved disposal facility. CONTAINER DISPOSAL - Do not reuse container. Discard in trash.

#### WARRANTY AND LIMITATION OF DAMAGES

Consep, Inc. warrants that this material conforms to the chemical description on the label. Consep, Inc. neither makes, nor authorizes any agent or representative to make, any other warranty of fitness or of merchantability, guarantee or representation, express or implied, { , , , , , , conserving this material. Consep, Inc.'s maximum liability for breach of this warranty shall not exceed the purchase price of this product. Buyer and user acknowledge and assume all risks and liabilities resulting from the handling, storage and use of this rate i.i., whether in accordance with directions or not.
