CheckMate® VMB Dispenser

A BIOCHEMICAL PESTICIDE FOR MATING DISRUPTION OF THE VINE MEALYBUG

(Planococcus ficus)

Active Ingredient	
Lavandulyl senecioate	5.91%
Other Ingredients	<u>94.09%</u>
TOTAL	100.00%
Net Weight: 100 mg active inc	redient per dispenser.

Keep Out Of Reach Of Children CAUTION PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through the skin. Causes moderate irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

Applicators and other handlers must wear work clothing consisting of long-sleeved shirt and long pants, shoes plus socks, chemical resistant gloves and protective eyewear.

FIRST AID STATEMENT

IF On Skin Or Clothing:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

IF In Eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-866-326-6737 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

For terrestrial Use: Do not apply directly to water or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of washwaters or rinsate.

Manufactured by:

SUTERRA LLC 213 SW Columbia Street Bend, Oregon 97702 1/866-326-6737 FAX (541) 388-3705 EPA Establishment No. 35336-OR-1 EPA Reg. No.

ACCEPTED

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 56 336-56

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling

CheckMate VMB Dispenser is a behavior modifying biochemical product (pheromone) which functions by mating disruption. It is to be used for control of the Vine Mealybug (*Planococcus ficus*) on raisins, table grapes and wine grapes. **METHOD OF APPLICATION:** The rate of application is 250 dispensers per acre. Do not exceed 150 grams of active ingredient per acre per year. Apply dispensers by hand to thumb-size canes to secure placement. Place dispensers in the upper one-third of the vines, or higher. If there is a persistent and prevalent wind, apply one dispenser to every vine on the upwind side of the vineyard and then evenly distribute the remaining dispensers in the block.

Wash hands after application. Do not handle other types of insect lures before or after lure placement without thoroughly washing hands. Place monitoring traps in the vineyard before handling. Monitor treatments carefully.

Reseal containers immediately after use. Do not use from damaged, punctured or unsealed containers.

APPLICATION NOTES: For best results apply at the time or shortly before the vine mealybug begins to emerge in the spring (biofix), or when the males are first detected in pheromone traps. This product only affects adult males and will have no effect on females, eggs or immatures. If application occurs following biofix or during the growing season, the vineyard must be treated with insecticide treatments that will effectively control hatching vine mealybug until egg laying by previously mated females has ceased to occur. In moderate to high insect pressure situations, supplemental insecticide applications during the season may be necessary to provide adequate protection to developing fruit. These supplemental insecticide applications should be made based on trap monitoring, field scouting, and appropriate degree-day models for the local growing area and must be timed to control emerging vine mealybug. Monitor insect infestation with traps and by visual inspection of vines and fruit. Wash hands after application.

Do not handle other types of insect lures before or after dispenser placement without thoroughly washing hands. Monitor treatments carefully. Do not use CheckMate VMB Dispensers from damaged, punctured or unsealed containers.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

PESTICIDE STORAGE: Store container in cool place until used. Reseal containers immediately after use. Store unused product in refrigerator or freezer not used for food storage.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on-site or at an approved disposal facility.

CONTAINER DISPOSAL: <u>Plastic Containers</u>: Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill. <u>Bag/Cardboard Box</u>: Non-refillable container. Dispose of empty bag/cardboard box in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned stay out of smoke.
