NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Greenway Chemical Company
 4320 Greenway Drive
 Knoxville, TN 37918

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 56362-2."
 - b. Include the correct EPA Establishment Number.
 - c. Delete the statement:
 For Sale For Use and Storage by Maintenance Personnel Only.
 - d. Revise the statement: "Hazardous to Humans . . ." to read:
 "Hazard to Humans"
 - e. Delete the statement: "General Classification."

Sanitizing of Food Processing Equipment and other Hard Surfaces in Food Contact Locations.

For sanitizing food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, refrigerated storage and display equipment and other hard non-porous surfaces.

Wash and rinse all articles thoroughly, then apply a solution of 1 oz. SUPER QUAT DISINFECT in 4 gallons of water. (200 ppm active). Surfaces should remain wet for at least one minute followed by adequate draining and air drying. Fresh solution should be prepared daily or when used solution becomes visibly dirty. For mechanical application, used solution may not be reused for sanitizing applications.

Apply in sink tops, countertops, refrigerated storage and display equipment and other stationary hard surfaces by cloth or brush.

Dishes, silverware, glasses, cooking utensils and other similar size food processing equipment can be sanitized by immersion in a 1/2-1/4 gallon solution of SUPER QUAT DISINFECT. Hot potable water rinse is required.

At 1 oz./4 gallons, SUPER QUAT DISINFECT has a hard water tolerance of 750 ppm of hardness calculated as CaCO₃ when evaluated by the AOAC Germicidal and Detergent Sanitizer Method against Escherichia coli and Staphylococcus aureus.

The udders, teats, and teats of dairy cows can be sanitized by washing with a solution of 1 oz. SUPER QUAT DISINFECT in 4 gallons of warm water.

Use a fresh towel for each cow. Avoid contamination of sanitizing solution by dirt and soil. Do not dip used towel back into sanitizing solution. When solution becomes visibly dirty, discard and provide fresh solution.

Precautionary Statements

Hazardous to Humans and Domestic

Animals

DANGER
Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wipe goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

Storage and Disposal
—Do not contaminate water, food, or feed by disposal.
—Do not store on side.
—Avoid crawling or inspecting of side walls.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of residue is a violation of Federal Law. If these wastes cannot be disposed of by following the label instructions, contact your State Pesticide Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or incineration or puncture and dispose of in a sanitary land fill, or, if allowed by state and local authority, burning. If burned, stay out of smoke.

Metal Container: Triple rinse (or equivalent), then recycle or reconditioning, or dispose of in a sanitary land fill, or by other procedures approved by state and local authorities. (If container is 1 gallon or less, use this disposal statement).

Do not reuse empty container (bottle, can, bucket) and put in trash.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply SUPER QUAT DISINFECT with a cloth, or mechanical spray device. When applied with a mechanical spray device, surface must be sprayed until thoroughly wet. Treated surfaces must remain wet for 10 min. Fresh solution should be prepared daily or when the solution becomes visibly dirty.

Disinfection in Hospitals, Nursing Homes and Other Care Institutions.
For disinfecting doors, walls, countertops, burning irreflexive, buff-rooms, tables, chairs, garbage pails on hard non-porous surfaces.
