Rhonda Jones  
 Agent for Caltech  
 c/o Scientific & Regulatory Consultants, Inc.  
 PO Box 1014  
 Columbia City, IN 46725

Subject: Dispatch Hospital Cleaner Disinfectant Towels With Bleach  
 EPA Registration No. 56392-8  
 Application Date: December 13, 2006  
 Receipt Date: December 13, 2006

Dear Ms. Jones:

The following amendments, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with the comments listed below:

### Proposed Amendment

- Addition of "avian influenza A" claims
- Minor labeling changes and corrections

### General Comments

1. Featured statements/phrases emphasized/enlarged lettering, special graphics, or any product name that employs the terms "Avian Influenza A" or "Bird Flu", are unacceptable. Featured statements/phrases, emphasized/enlarged lettering or special graphics that are employed for the primary purpose of especially promoting or drawing attention to product efficacy against Avian Influenza A, are also unacceptable. For example, a featured, incomplete phrase such as "Kills Avian Influenza A" will not be permitted, but the phrase "Kills Avian Influenza A on pre-cleaned environmental surfaces" is acceptable.

2. You must include the following text directly beneath the First Aid Statement:  
 "Have the product container or label with you when calling a poison control center or doctor, or going for treatment."

 amended, for the pesticide,  
 registered under EPA Reg. No. 56392-8

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Dispenser directions:

*{Canister directions}*

To open: Pop up center cap of lid, grasp hinge and pull off lid. Discard inner seal from canister.

To start feed: Find center of wipe roll, remove first wipe for use, twist corner of next wipe into a point and thread through the hole in the canister lid. Pull through about one inch. Replace lid. Dispense remaining wipes as necessary by pulling out at an angle. When not in use keep center cap of lid closed to prevent moisture loss. Gloves should be worn.

*{Soft pack direction}*:

Peel back label slowly. Pull out wipes as needed and reseal label. When not in use keep label sealed to prevent moisture loss.

*{Individually wrapped Pack directions}*

Tear open packet. Unfold and use as directed. Discard after single use.

To Clean: Wipe surface with towel until clean. If streaking is observed, wipe with a damp cloth or paper towel.

To Clean and Disinfect in One Step: Wipe surface with towel until completely wet. Allow 1 minute at room temperature (68-77°F) to disinfect. Wipe clean. Gross soil must be removed prior to disinfecting. Gloves should be worn.

**\*\*Ultrasound transducers and probes:**

For use on external surfaces of ultrasound transducers and probes only.

To disinfect: Pre-clean gel from external surface of ultrasound transducer or probe to be disinfected by using a clean washcloth. Then thoroughly wet the probe with a towelette. Treated surface must remain visibly wet for a full one (1) minute.

[Product name] is a pre-moistened disposable wipe for use in healthcare and other areas where control of cross contamination is required. Surfaces: This product may be used on hard non-porous surfaces such as stainless steel, glazed ceramic tile, hard plastics, non-porous vinyl, painted surfaces, glazed porcelain, sealed fiberglass surfaces, Plexiglas, and glass.

Areas of Use:

Hospital and Healthcare: Clinics, Dental Offices, Doctors Offices, Emergency rooms, Hospitals, Hospital central service areas, ICU, Laboratory, Nursing homes, Physical therapy, Physician's offices, Radiology treatment areas, Recovery rooms and Surgery.

Critical Care Areas: E.R., ICU, Neonatal Intensive Care Units (NICU), Pediatric Intensive Care Units (PICU) and Surgery.

Use Sites: Hard non-porous surfaces of autoclaves, bed railings, blood glucose monitors, cabinets, carts, chairs, counters, exam tables, gurneys, infant incubators and care cribs, IV poles, phlebotomy trays, PVC tubing, stretchers, tables;

Hard non-porous outside surfaces of: ambulance equipment, diagnostic equipment, dialysis machines, mammography equipment, patient monitoring equipment, respiratory equipment and ultrasound transducers and probes.

Nursery or Daycare Centers: Changing tables, cribs, trash cans, toys and other hard, non-porous surfaces listed on this label.

**†KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood /body fluids, and in which the surfaces/objects likely to be soiled with blood/body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

**Special Instructions for Cleaning and Decontamination Against HIV-1 (AIDS Virus) on Surfaces/Objects Soiled with Blood/Body Fluids** •**Personal Protection:** When handling items soiled with blood/body fluids, personal protective equipment such as disposable gloves, gowns, masks, or eye coverings should be used. •**Cleaning Procedure:** Blood/body fluids must be thoroughly cleaned from surfaces and objects before disinfecting. •**Contact Time:** Leave surfaces wet for 1 minute. •**Disposal of Infectious Materials:** Blood, body fluids, and cleaning materials should be autoclaved and disposed according to federal, state, and local regulations for infectious waste disposal.

**\*\*This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.**

#### **STORAGE AND DISPOSAL:**

*{For canisters}*

Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration. When not in use keep center cap of lid closed to prevent moisture loss. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container. Wrap container and put in trash collection. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

*{For soft packs and individually wrapped packs}*

Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. When discarding container, place in trash collection. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

**PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals. **CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. **FIRST AID:** If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. **PHYSICAL AND CHEMICAL HAZARDS:** Do not use this product with ammonia or acids such as vinegar, rust removers, or toilet bowl cleaners. This product not intended for use on fabrics.
