

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION 56470-3	DATE OF ISSUANCE DEC 31 1986
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREГИSTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>		
NAME OF PESTICIDE PRODUCT		

NAME AND ADDRESS OF REGISTRANT (include ZIP Code)

Chemical Solutions, Inc.
 4032 M-139
 St. Joseph, MT 59085

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(5)(B) and 3(d)(1)(ii).

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 56470-3" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Procedure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 3(d). Your release for shipment of the product constitutes acceptance of these conditions.

Attachment copy of the label is enclosed for your records.

MB-25

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended for the pesticide
registered under EPA Reg. No.
56470-3

ACTIVE INGREDIENT:

Potassium dimethyldithiocarbamate 25.0%

INERT INGREDIENTS 75.0%

This product contains 2.3 lb. of active ingredient per gallon and
weighs 9.25 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes eye and skin damage. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Avoid contamination of food. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT: *In case of skin contact, wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for at least 15 minutes. Get medical attention immediately. If product is swallowed, promptly drink 1 or 2 glasses of water. Contact a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING.*

Note to physician: Probable mucosal damage may contraindicate gastric lavage.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply in marine and/or estuarine oil fields. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

EPA REG. NO.

EPA EST. NO.

NET CONTENTS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

MB-25 is used in industrial cooling tower systems and industrial air-washing systems. Prior to the use of MB-25 in recirculating cooling tower systems, systems should be cleaned to remove microbiological slime, and other deposits. Then make an addition of 6.8 fl. oz. of MB-25 to 40 to 60 ppm of MB-25 of water in the system. Repeat initial dosage until control of bleedoff is achieved. Add 2.3 to 6.8 fl. oz. of MB-25 per gal. of water (20 to 60 ppm MB-25) every 1 to 5 days or as needed. The frequency of addition depends upon the amount of bleedoff and the severity of the microbiological problem in the sump of recirculating cooling tower systems.

MB-25 is used in industrial water treatment systems to maintain effective mist-eliminating components. Cleaned to remove bacterial slime and other deposits. Add 13.6 fl. oz. of MB-25 to 7.9 to 13.6 fl. oz. of MB-25 per 1000 gal. of water treated.

Repeat initial dosage until control is achieved. Repeat initial dosage every 1 to 5 days, or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem in the sump of recirculating cooling tower systems.

MB-25 is used in industrial water treatment systems to maintain effective mist-eliminating components. Cleaned to remove bacterial slime and other deposits. Add 16 to 32 ppm (1.9 to 3.8 fl. oz. of MB-25) per 1000 gal. of water treated.

This should be done by employing a concentration of 16 ppm, based on total water, with continuous addition of MB-25 to the heater-treater sump, gathering lines, or receiving tank upstream to the filter.

MB-25 is also used in industrial water-based drilling muds, completion fluids containing starch, gums, sugar, and other solids. Add MB-25 is added at a rate of 0.13 to 0.23 gal per 100 barrels of fluid (0.13 to 0.23 gal per 100 barrels of fluid)

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. STORAGE: Do not expose to extreme temperatures. Do not store in drums should be placed in overpack drums for disposal. Spills should be cleaned up immediately. Keep container closed when not in use. Do not discharge into a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. If these wastes are spilled, or if they are otherwise released, contact your State Pesticide or Environmental Control Agency, or your EPA Regional Office for guidance.

CONTAINER DISPOSAL:

(1) PLASTIC: Triple rinse (or equivalent). Then offer for recycling or incineration, by incineration, or, if allowed by state and local authorities, by other procedures approved by state and local authorities.

(2) METAL: Triple rinse (or equivalent). Then offer for recycling or incineration, or by other procedures approved by state and local authorities.
