Mr. Robert H. Shoup
Fermenta Animal Health Company
P.O. Box 901350
Kansas City, MO 64190-1350

Dear Mr. Shoup:

Subject: Updated Labeling
Elastrol[®] Insecticide
EPA Registration No. 56493-80
Your Submission Dated July 12, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

1. Change "Hazards to Humans" to "Hazards to Humans and Domestic Animals."
2. Move the statement "May be fatal if swallowed" to the beginning of the Precautionary Statements paragraph.
3. Under Note to Physician, change "... atropine by injection is antidotal" to "... atropine sulfate by injection is antidotal."

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

PO Box 801350 Kansas City MO 64180

PRECAUTIONAL USUARIO:

Si usted no lee ingles, no use este producto hasta que le expliquen lo hayo sido explicado en espanol

EPA Reg. No. 88493-80 Pests Pending
EPA Est. No. 88493-NJ-01 Net Wt. 3.2 oz (90 grams)

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For industrial use only. Not for indoor use or where persons are permanently assigned or residing.

For use in enclosed outdoor utility equipment such as communications, electric, gas, water, cable TV to control ants, fireants, cockroaches, bees and wasps.

Use 1 dispenser/4 cubic feet.

Replace after one year or when effectiveness diminishes.

For proper installation, position dispenser with cap end down on a vertical support, securely attach dispenser with the cable tie and remove cap and foil seal. Indicate the date installed on the enclosed date label and attach on suitable surface inside the site. Product is ineffective when utility equipment door or cover is not closed.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than as indicated on the carton label. Buyer assumes all risks of use and/or handling when such use and/or handling is contrary to carton label instructions.

WARRANTY AND LIMITATION OF DAMAGES: Seller warrants that this product conforms to the description on its label and will, when used in accordance with seller's directions and under normal conditions of use, control ants, fireants, cockroaches, bees and wasps in enclosed outdoor utility equipment for 12 months from date of proper installation. Seller makes no other express or implied warranty, including warranties of merchantability and fitness for a particular purpose. Buyer's exclusive remedy shall be seller's obligation to send buyer a replacement or provide a credit or refund based on the original purchase price. In no event shall seller be liable for incidental or consequential damages.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS

Hazardous flammable insecticide. Harmful if inhaled. Avoid breathing vapors or contact with skin, eyes or clothing. Wash hands with soap and water before smoking or eating. Not to be taken internally. May be fatal if swallowed. Do not damage dispenser or remove insert.

STATEMENT OF PRACTICAL TREATMENT:

IF INHALED: Remove individual to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected area with soap and water.

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting if patient is conscious by knocking back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN:

Product contains Dichlorvos, a cholinesterase inhibitor. If symptoms of cholinesterase inhibition are present, Atropine by injection is antidotal. 2-PAM is also antidotal, but may only be administered in conjunction with Atropine.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not remove dispenser cap or foil seal before installation. Do not reuse container. After use, wrap and discard in trash collection.
