DIRECTIONS FOR USE. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

For Dogs, Cats, Puppies and Kittens: Cover animal's eyes with hand and with a firm, fast stroke, to get proper spray mist, spray head, ears and chest. With fingertips, rub into face around mouth, nose and eyes. Then spray the neck, middle and hind quarters, finishing with legs last. Apply spray until animal is uniformly damp. Animal should not be soaked or sprayed to the point of run-off. For best penetration, spray against natural lay of the hair. On a heavily coated animal, rub your hand against the lay of the hair, spraying the ruffled hair directly behind your hand. Make sure spray thoroughly wets attached ticks. Repeat as necessary for control of adult fleas but not more frequently than once every 7 days. Wash hands thoroughly with soap and water after treating pet.

Use this product in a well ventilated area. This product is not a cholinesterase-inhibitor. This product is not intended for application to nursing animals.

For Pet's Environment: For maximum flea control, the infested areas should be treated according to label use directions with EctoGard™ Fogger and EctoGard™ House & Carpet Spray, available from your veterinarian.
