Diazinon [0,0-diethyl-0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate]	40.0%
Inert Ingredients:	60.0%
Total	100.0%

Keep Out of Reach of Children

WARNING

See Side Panels for Precautionary Statements

Net Weight 15 grams per tag
Contents: 120 tags

EPA Reg. No. 56493-87
EPA Est. 56493-KS-1

Statement of Practical Treatment

If on Skin — Remove contaminated clothing and wash affected areas with soap and water.

If In Eyes — Flush eyes with plenty of water. Call a physician if irritation persists.

If Swallowed — Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

Note to physician: This product is a cholinesterase inhibitor. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

PRECAUTIONARY STATEMENTS

Hazards to Humans

Warning

Harmful if absorbed through the skin or if swallowed. Avoid contact with skin and eyes. Wash thoroughly with soap and water after handling and before eating or smoking. Wear nonpermeable gloves when applying tags.

Environmental Hazards

This pesticide is toxic to fish. Do not apply directly to water. Do not contaminate water by disposal of used tags.

Warranty and Limitation of Damages

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty, including any other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing and with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For adequate control of horn flies, attach one tag per animal. For optimum control of horn flies, control of ear ticks, and as an aid in the control of face flies, lice, stable flies and house flies attach one tag to each ear (two tags per animal). Replace as necessary. PATRIOT™ tags have been proven to be effective against pyrethroid resistant horn flies for three to five months. Apply as indicated (Figures 1-4). Calves less than 3 months of age should not be tagged as ear damage may result. Remove tag prior to slaughter.

Storage and Disposal

Store in a cool place in original container.

Opened pouches containing ear tags should be resealed for storage. Do not contaminate water, food, or feed by storage or disposal.

Pesticide Disposal — Waste (spent tags) resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal — Dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Figure 1. Disinfect pliers prior to use. Place female tag under clip by depressing lever. Collar on tag must be pointing down.

Figure 2. Slide male button on pin. Align tip of male button with female portion of tag. Tag and button are now ready for application.

Figure 3. Position tag on the inner flat surface in center of ear. Do not allow shaft of the male button to penetrate any cartilage rib or blood vessel or ear damage may result.

Figure 4. When properly positioned, the tag should hang as shown.

ACCEPTED

01 OCT 1996

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 56493-87
