Dear Mr. Grout:

Subject: Amended Label, DEET L.I.P.
Ben's 100, EPA Reg. No. 56575-7
Ben's Backyard Formula, EPA Reg. No. 56575-9
Submission dated October 30, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

As new labels are prepared, delete the word "liberally" in the label Directions for Use for EPA Reg. No. 56575-9; this instruction is inconsistent with the precautions of avoiding overexposure and saturation when applying the product.

While we appreciate your attentiveness in modifying the label for the subregistration EPA Reg. No. 11715-85-56575, it is the responsibility of the original registrant, Speer Products Inc., to amend the label.

Sincerely,

Richard F. Mountfort
