Keep Out of Reach of Children

WARNING

See back panel for additional precautionary statements.

Net Contents: ____ fl. oz. (____ ml)

BACK PANEL**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS BEFORE USING THIS PRODUCT

Spray on all exposed skin areas, keeping nozzle pointed away from face. Do not inhale. Use just enough to cover exposed skin and/or clothing. Do not use under clothing. Avoid frequent application and saturation. Do not spray directly on face or in enclosed areas. To apply to face, spray on hands and rub on. Do not apply to eyes and mouth, or to the hands of young children. Repeat as needed.

For ticks and chiggers, apply to shoe tops, socks and around openings in clothing. Keep off synthetics, plastics, furniture and paints. May damage leather.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame. **DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

WARNING: Do not apply over cuts, wounds or irritated skin. Causes substantial but temporary eye injury. Do not get in eyes. Do not let children rub their eyes if hands have been treated. Do not expose treated skin or clothing to fire, sparks or flame until liquid has evaporated. Wash skin and/or clothing with soap and water after use. May cause skin reactions in rare cases. If you suspect a reaction, wash area and call local poison control center. Harmful if swallowed.

Statement of Practical Treatment

If in Eyes: Hold eyelids open and flush with a steady stream of water for 15 minutes. Get medical attention if irritation persists. **If Swallowed:** Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, large quantities of water. Avoid alcohol. Do not give anything by mouth to an unconscious person. Get medical attention.

Physical or Chemical Hazards

Flammable. Do not use or store near heat or open flame. [Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.]
