NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit/date all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
  2. Add the phrase "EPA Registration No. 56601-2" to your label before you release the product for shipment.
  3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.
- If the above conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 3(c). Your release for shipment of the product constitutes acceptance of these conditions.
- A stamped copy of the label is enclosed for your records.

**MILDEW CHECK™ Mildewcidal/Algicidal House Wash 18-1**  
**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION!** Harmful if swallowed or absorbed through skin. Harmful if inhaled. Avoid breathing of vapors or spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.

**STATEMENT OF PRACTICAL TREATMENT**

**IF IN EYES:** Wash with plenty of water. Get medical attention.

**IF SWALLOWED:** Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician immediately.

**IF ON SKIN:** Wash with plenty of soap and water.

**IF INHALED:** Remove victim to fresh air and administer artificial respiration if needed.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not apply directly to water by cleaning of equipment or disposal of wastes.

**SAFETY PRECAUTIONS FOR MIXING WITH HOUSEHOLD BLEACH**

Household bleach may cause severe skin and eye irritation. Read and follow all directions on bleach bottle when mixing with **MILDEW CHECK™** House Wash. Avoid contact with skin and eyes and inhalation of mixed solution. Wear safety glasses, protective clothing, and gloves.

If ingestion, persistent skin/eye irritation, breathing difficulties, or other symptoms occur during or following the use of this product, contact a **POISON CONTROL CENTER, EMERGENCY ROOM OR PHYSICIAN IMMEDIATELY;** have label information available. **KEEP OUT OF THE REACH OF CHILDREN.** Emergency Medical or Spill Control Information: 304-843-1300

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL:** Store out of the reach of children. Protect from freezing. Store at temperatures between 50°F (10°C) and 120°F (40°C). Do not reuse container. Securely wrap original container in several layers of newspaper and discard in trash.

**Note to consumer:** Before applying **MILDEW CHECK™** House Wash, spray all shrubs and foliage liberally with water and cover with plastic or cloth. **IMPORTANT: See booklet (No. FAdv. 1577) for details.** When applying and rinsing **MILDEW CHECK™** House Wash, overspray or rinse water in contact with walking surfaces, ladders and scaffolding may cause them to become slippery. Thoroughly clean all such surfaces to remove overspray and rinse water before using.

**BEFORE USING PRODUCT: READ ATTACHED BOOKLET NO. FAdv. 1577 FOR REQUIRED MIXING, HANDLING AND USAGE INSTRUCTIONS.**

*Do not  
contaminate  
water*

HARMFUL IF INHALED AVOID BREATHING VAPORS OR SPRAY MIST. AVOID CONTACT WITH SKIN, EYES AND CLOTHING WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING.

#### Statement of Practical Treatment

**If In Eyes** — Wash with plenty of water. Get medical attention.

**If Swallowed** — Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician immediately.

**If On Skin** — Wash with plenty of soap and water.

12

**If Inhaled** — Remove victim to fresh air and administer artificial respiration if needed.

**Environmental Hazards** — This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**Safety Precautions For Mixing With Household Bleach** — Household bleach may cause severe skin and eye irritation. Read and follow all directions on bleach bottle when mixing with *Mildew Check* House Wash. Avoid contact with skin and eyes and inhalation of mixed solution. Wear safety glasses, protective clothing and gloves.

13

If ingestion, persistent skin/eye irritation, breathing difficulties, or other symptoms occur during or following use of this product, contact a **POISON CONTROL EMERGENCY ROOM OR PHYSICIAN IMMEDIATELY**; have label information available. **KEEP OUT OF REACH OF CHILDREN.** Emergency Medical or Spill Control Information: 304-843-1300.

**Active Ingredient** — 3-Iodo-2 Propynyl Butyl Carbamate, 0.23% by weight in the concentrate.

15

areas, uncover all shrubs and foliage and rinse well with water. Prevent solution from coming in contact with material which might be damaged by dilute bleach, such as fabric and lawn furniture.

When using *Mildew Check* as a house wash only, pretest a small hidden area for color fastness and resistance to surface paint lifting. Combine one tablespoon of household bleach with 1/3 cup of *Mildew Check* and mix well. Sponge, dab, or brush the solution onto test area and allow to set for 20 minutes. Rinse well. If color fading or lifting is noted, wait 24 hours and re-check. If fading or lifting is still a

4

problem, the surface will require repainting after cleaning.

**Coverage** — When applied evenly to a painted surface, one diluted gallon (3.78 L) will clean 200-250 sq. ft. (185-232 sq. meters).

**Surface Preparation** — No special preparation is required when used as a mildewcidal/algicidal house wash. See application precautions and apply and use as directed. When repainting after washing, apply *Mildew Check* as directed, rinse thoroughly; wait 24-48 hours before painting. Prepare the surfaces as required before repainting.

**Topcoating With Paint** — *Mildew Check* is formulated for optimum

5

performance when topcoating with any of the following *Pittsburgh Paints* products:

- *Sun-Proof*® Exterior Oil Base House and Trim Paint (1 Line)
- Metal Siding Finish Latex Enamel (71 Line)
- *Sun-Proof* Exterior Latex Flat House Paint (72 Line)
- *Sun-Proof* Exterior Latex Semi-Gloss Enamel (78 Line)
- *Pitt-Flex*™ 100% Acrylic Latex Elastomeric Masonry Paint (4-110)

**Mixing Instructions** — Add household bleach (only sodium hypochlorite type at 5.25%

6

concentration) to the fill line of the *Mildew Check* container. For volumes other than one gallon, use 5.5 parts *Mildew Check* to 1 part household bleach. Important! Always follow manufacturer's precautions and handling instructions on bleach products. Shake well. Once household bleach is added to *Mildew Check*, as directed, the product is ready to use. **Do Not Dilute With Water.** This will adversely affect the product's effectiveness.

Use immediately after mixing, since mixture life is two hours. After this time, *Mildew Check* begins to lose its effectiveness and should be

7

occur within minutes. Let stand for 15-20 minutes for best results. Rinse well with a garden hose, with nozzle pressure at maximum force. Use lots of water to completely rinse the surface. For very heavy mildew stains, you may need to repeat the process. Textured surfaces, such as stucco or rough sawn cedar may require light scrubbing.

**Application Precautions — When applying and rinsing *Mildew Check* House Wash, overspray or rinse water in contact with walking surfaces, ladders and scaffolding may cause them to become slippery. Thoroughly clean all such surfaces to remove overspray and rinse water before**

## PITTSBURGH PAINTS *MILDEW CHECK*<sup>TM</sup>(18-1)

EPA Reg. #56601-2  
EPA Est. #56601-GA-01, 56601-DE 01

Pittsburgh Paints new *Mildew Check*<sup>TM</sup> (Patent Pending) is a mildewicidal/algicidal house wash, specially formulated for **cleaning and killing** mildew and algae.

**Directions for Use** — It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Where and How To Use** — *Mildew Check* may be used on painted, stained, or bare wood siding, wood

1

**using.** Avoid contact with fabrics sensitive to discoloration from bleach. Do not use when the temperature of the air, the surface or *Mildew Check* is below 50°F (20°C). Do not allow *Mildew Check* to freeze. Rinsing away *Mildew Check* solution may be affected by temperature and humidity. As the weather becomes hotter and drier, you will have to rinse more aggressively. If the temperature of the area to be cleaned is greater than 140°F, apply a light water mist before using *Mildew Check*. *Mildew Check* must be rinsed thoroughly as directed, or the adhesion of a freshly applied paint finish may be affected. After

10

fences and decks, aluminum siding, stucco, roofing, brick or cement block, concrete walkways and walls, ceramic tile and grout. It cleans the surface prior to painting or may be used for routine clean-up.

**Cleans Without Scrubbing** — In most cases, mold, mildew, algae and loose dirt are rinsed away after application. *Mildew Check* differs from ordinary products by leaving behind a protective shield that inhibits regrowth. *Mildew Check* does not remove embedded dirt.

**Easy To Use** — No measuring required. Simply add household bleach to the fill line on the *Mildew*

2

rinsing *Mildew Check*, wait 24-48 hours before repainting.

**Clean-Up** — Rinse spray equipment thoroughly with water.

**Storage and Disposal** — Store out of the reach of children. Protect from freezing. Store at temperatures between 50°F (10°C) and 120°F (49°C). Do not reuse container. Securely wrap original container in several layers of newspaper and discard in trash.

**Precautionary Statements** — HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION! HARMFUL IF SWALLOWED OR ABSORBED THROUGH THE SKIN.

11

*Check* container. Shake well and apply as directed. (See Application Directions)

**Resists Regrowth of Mildew and Algae** — *Mildew Check* differs from ordinary house washes by leaving a protective shield (Patent Pending) that inhibits regrowth. This protection remains after rinsing and is water insoluble. Its effectiveness lasts even after new paint is applied, by inhibiting growth of mold, mildew or algae from behind the freshly applied paint.

**Area Preparation and Pre-Test** — Spray all shrubs and foliage liberally with water and cover with plastic or cloth. After applying and thoroughly rinsing *Mildew Check* from affected
