NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(F) provided that you:

1. Submit/site all data required for registration/reregistration of your product under FIFRA section 3(c)(7)(F) when the Agency requires all registrants of similar products to submit such data.
 Attach to your label "Data Requirements, 56771-2" to your label before you place the product on the market.
2. Submit your (b) copies of your final printed labeling to the Agency before the product is shipped. Refer to the (b) enclosure for further description of final printed labeling.
3. If the conditions are not complied with, the registration will be suspended and labeling in accordance with FIFRA section 3(c) will be required for shipment of the product until you comply with these conditions.
 A stamped copy of the label is ordered for your records.

J. G. Klenz

ACTIVE INGREDIENT:

Poly(oxyethylene (dimethyliminio) ethylene-
(dimethyliminio) ethylene dichloride)

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
156771-215.0 %

INERT INGREDIENT 85.0 %

This product contains 1.29 lb. of active ingredient per gallon and weighs
8.58 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

DIRECTION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
MB 100

and fungi in recirculating commercial air conditioning systems. Before use, and to its use, systems must be cleaned of slime, and other deposits. An initial slug fluid ounces of MB 100

of water to provide a concentration of MB 100

in the system, is recommended. Repeat subsequent slug additions of MB 100

parts per million of MB 100

employed every 2 to 5 days, or as needed upon the relative amount of bleedoff and leakage. Slug additions should be made in MB 100

air-washing systems that maintain efficiency to its use, systems should be cleaned of deposits. An initial slug dose of MB 100

recommended. Repeat initial dosage until conditions of 10.1 to 24.7 fluid ounces per 1000 gallons of water should be employed. Frequency of addition depends upon the severity of the bacterial problem. Slug additions should be made in collection trays of the airwash system.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. STORAGE: Do not stack more than four drums high. Drums should be stored in a well-ventilated area. Spills should be absorbed in sawdust or other inert material. Lids should be kept closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product should be disposed of on a licensed or approved waste disposal facility.

CONTAINER DISPOSAL:

PLASTIC Triple rinse (or equivalent). Then offer for recycling, if available, or for sanitary landfill, by incineration, or, if allowed by state and local authorities, by other procedures approved by state and local authorities.

METAL Triple rinse (or equivalent). Then offer for recycling, if available, or for sanitary landfill, or by other procedures approved by state and local authorities.
