└

┐

┘

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Cleaner and Disinfectant

DIRECTIONS FOR USE

56782-1

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disinfecting solution - Mix 13 ounces of Simple Green d per 1 gallon of water (1 to 10 dilution ratio). Make sure surfaces are clean and free of gross filth or heavy soil before applying solution. Solution may be applied by spray, sponge, or mop on counter tops, tables, chairs, floors, walls, garbage pails, and other hard nonporous surfaces in lavatories, bathing areas, locker rooms, kitchens, basements, and laundry areas.

Wet all surfaces thoroughly with solution and wait 10 minutes before rinsing. A fresh solution should be prepared at least daily or more often if the solution becomes diluted or soiled.

Cleaning solution - Mix 8 ounces of Simple Green d per gallon for a multipurpose cleaning solution. Spray, mop or sponge solution on stainless steel, walls, floors, tile, vinyl and appliances to remove grease, dirt and tough stains.

Simple Green d has been formulated for hospitals, hotels, schools, institutions, janitorial and industrial uses. It combines the concentrated cleaning power of Simple Green with a disinfectant that is effective against Pseudomonas aeruginosa.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Avoid contact with eyes. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

STORAGE AND DISPOSAL: Rinse empty container thoroughly with water and discard. Do not contaminate water, food or feed by storage or disposal.
