James Messina
Authorized Representative
Productos Quimicos y Alimenticios OSKU S.A.
5212 El Guanaco/Huechuraba
Santiago, Chile

Subject: PRIA Label Amendment – add use on blueberries to the product label
Product Name: OSKU-HELLAS
EPA Registration Number: 56799-3
Application Date: 5/7/2025
Case Number: 00656788

Dear James Messina:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find

Page 2 of 2
EPA Reg. No. 56799-3
Case No. 00656788

or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Yasmin Bowers at 202-566-2507 or Bowers.Yasmin@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Kristy Crews".

Kristy Crews, Ph.D., Product Manager 22

Enclosure- Stamped Label

[PAD LABEL-Only for use when product/pads are sold and applied in the USA]

OSKU-HELLAS

[Alternate Brand Names:]

[OSKU-HELLAS GRAPE GUARD]

[OSKU-HELLAS BLUEBERRY GUARD]

[OSKU-HELLAS GRAPE and BERRY GUARD]

Manufactured by:

Productos Quimicos y Alimenticios OSKU S.A.

5212 El Guanaco/Huechuraba, Santiago, CHILE

EPA Reg. No. 56799-3

EPA Est. No. 56799-CH-001

California Reg. No. 56799-3-AA

Net Contents: 0.22 oz. (6.3 g. not including pad)

Manufactured Date:

Lot No.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in an inconsistent manner with its labeling.

Do not reuse pad.

When using this pad to pack grapes, refer to pad container label for complete directions for use.

DISPOSAL

This pad must be removed and disposed prior to the display of fruit for sale.

Do not allow consumers access to pads.

If pad is torn, carefully dispose of pad, its contents, and any fruit that had been in contact with the pad.

For disposal: Place pad in a plastic bag, seal bag, and place in an outdoor trash receptacle (dumpster).

KEEP OUT OF REACH OF CHILDREN

CAUTION

ACTIVE INGREDIENT:

Sodium Metabisulfite (CAS 7681-57-4) 73.5%

Other Ingredients 26.5%

AGRICULTURAL USE

To assure freshness by the fungicidal control of *Botrytis cinerea* on table grapes and blueberries. Hazards to Humans and Domestic Animals. This pad contains sodium

metabisulfite which may trigger asthmatic response in sulfite sensitive individuals.

Do not put the print side of the pad in contact with grapes or blueberries.

[PAD LABEL - Only for use when product/pads are sold and applied internationally, and pad will be in containers of grapes and/or blueberries when entering USA]

FIRST AID

If inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. • Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
If on skin or clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 - 20 minutes. • Call a poison control center or doctor for further treatment advice.

If swallowed:	<ul style="list-style-type: none">• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.• Call a poison control center or doctor for further treatment advice.
---------------	---

Have the product container or label with you when calling a poison control center, or going for treatment. For medical emergencies, call the poison control center at 1-800-222-1222.

PRECAUTIONARY STAMENTS

Hazards to humans and domestic animals.

Caution: Harmful if inhaled, swallowed, or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wear chemical resistant gloves made of any waterproof materials such as polyethylene or polyvinyl chloride \geq 14 mils. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse. Prolonged or repeated skin contact may cause allergic reactions in some individuals. This pad contains sodium metabisulfite which may trigger an asthmatic response in sulfite sensitive individuals.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Pad contents should never come in direct contact with fruit.
2. Do not use defective pads (e.g., torn pad or broken seal).
3. Use a polyethylene liner in an appropriate shipping container or box.
4. Cover the bottom of the polyethylene liner with fine wood shavings or other suitable placing material.
5. A sheet of tissue may be placed on the packing material and over the sides of the box.
6. Pack grape bunches in box.
7. If tissue is used, fold it over the top of the grapes.
8. Lay a single pad containing sodium metabisulfite over the grapes with its label side up or over the tissue if it's used. Do not place more than 1 pad for each 8.2 kg (18 lbs.) of table grapes.
9. Lay a single pad containing sodium metabisulfite per layer of clamshells in a carton of blueberries without any liners or pallet shrouds. Place pad with its label side up, away from the fruit. Do not place more than 1 pad for each 3.0 kg (6.14 lbs.) of blueberries.
10. Fold the polyethylene liner over the pad. Seal the box.
11. Place boxes of packed fruit in refrigerated storage at 0-2°C (32-35°F).
12. Remove pad from case before display of fruit for sale or after removal of container from retail store refrigeration facilities.
13. If the pad is torn, remove pad and damaged fruit, and hold remainder of contents for 24 hours before displaying.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding this container.

NONREFILLABLE CONTAINER: Do not reuse or refill this container. Offer for recycling if available, or dispose of box (or bag) in a sanitary landfill or by other procedures approved by state and local authorities.
