NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with Section 3(p)(7)(A) provided that you:

1. Submit all data required for registration/reregistration of your product under FIFRA section 3(p)(7) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 57314-14."
- b. Add "**" to "Inert Ingredients" and place "**Contains essential distillate" under the ingredients statement.

3. The submitted data must also contain the following information:

- a. Color - in common terms
- b. Odor - in common terms
- c. Density - g/cc, information for transfer of 1 gallon to 1 liter
- d. Flammability - information for transfer of 1 gallon to 1 liter
- e. Volatility - information for transfer of 1 gallon to 1 liter

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid inhalation of vapors. May cause eye irritation. Avoid contact with skin and eyes. Wash contaminated skin with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

Do not use in commercial food processing, preparation, serving, or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

Physical Hazards

FLAMMABLE. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Control of Wasps and Hornets: It is preferable to apply this product in the evening after all the insects have returned to the nest. Aim valve opening at the nest and depress button, continuing to spray until the nest is soaked with the spray. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
