3 MAR 1988

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

HAVILAND STABILIZED CHLORINATING  
STICKS

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Haviland Consumer Products, Inc.  
1855 Turner NW.  
Grand Rapids, MI 49504-2075

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/site all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 57787-1" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**DANGER: KEEP OUT OF REACH OF CHILDREN**  
See first aid statement and additional precautions on back panels.

**DIRECTIONS FOR USE**  
It is a violation of federal law to use this product in a manner inconsistent with its labeling.  
**FOR CONTROL OF BACTERIA AND ALGAE (OUTDOORS) IN SWIMMING POOLS OPERATED CONTINUOUSLY.**

Before bathing, test water pH, chlorine residual and alkalinity using a suitable test kit. Adjust chlorine residual to 1-2 ppm. Use a chlorine stabilizer, especially outdoors to prolong chlorine residual. Maintain pH of water between 7.2 and 7.6 and total alkalinity between 125 and 175 ppm. Place Haviland stabilized chlorinating sticks in skimmer basket or suitable feeder to maintain chlorine level between 1 to 2 ppm. If chlorine residual is too high or low adjust number of sticks in skimmer basket or make necessary adjustments on feeder to maintain proper level. Add one 8 ounce Haviland stabilized chlorinating stick for each 10,000 gallons of water every week, or as needed, to maintain proper chlorine level. Do not place any other chemical with this product in the skimmer basket or feeder. Weekly, superchlorinate water 5 to 6 ppm using a suitable superchlorinating product. Follow directions on the product label for proper dosage. Avoid use of products such as body lotions that consume chlorine.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves and use clean, dry utensils when handling. Irritating to nose and throat. Avoid breathing dust or fumes. Remove and wash contaminated clothing before reuse.

**FIRST AID (PRACTICAL TREATMENT):** If swallowed: Feed large amounts of milk and/or water and induce vomiting. Call a physician immediately. If on Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If in Eyes: Flush with cold water for at least 15 minutes. Get immediate medical attention. If inhaled: Remove person to fresh air. Get immediate medical attention.

**PHYSICAL AND CHEMICAL HAZARDS**  
**STRONG OXIDIZING AGENT:** Use only clean, dry utensils. Mix only with water. Do not add this product to any dispensing device containing remnants of any other product. Contamination with moisture, dirt, organic matter, or other chemicals (including pool chemicals) may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. Avoid any contact with flaming or burning material, such as a lighted cigarette.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

**STORAGE AND DISPOSAL:** Keep product dry in tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or flame. Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Place in a trash collection or dispose in approved landfill area, or bury in a safe place. **IN CASE OF CONTAMINATION OR DECOMPOSITION,** do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volume of water, avoid breathing fumes. Dispose of contaminated material in an approved landfill.

**ACCEPTED**
