Subject: Super 90 Trichloro Granules
EPA Registration Number 57787-19
Application Date: 9/3/03
Receipt Date: 9/12/03

Dear Mr. Westman:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- To update the "first aid" statement in accordance with PR Notice 2001-1.
- To update the "storage and disposal" statement in accordance with PR Notice 2001-6.

Conditions

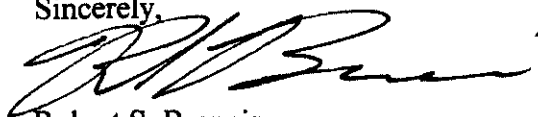

1. Under the "Product Name" change "Trichlor" to read: "Trichloro".
2. Under the "First Aid Statement" add the statement "Have the product container or label with you when calling a poison control center or doctor, or going for treatment".

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Delores Williams at (703) 308-6372.

Sincerely,

Robert S. Brennis
Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510C)

CONCURRENCES

PRECAUTIONARY STATEMENTS - Hazard to Humans and Domestic Animals

DANGER: Corrosive. Causes eye damage - Protect eyes when handling. May be harmful or fatal if swallowed. May cause chemical burns. Contact with other materials may cause fire or explosion or result in dangerous pressure, especially if heated. Contact with water or moist air liberates irritating and hazardous gases. Do not get in eyes, skin or on clothing. Avoid breathing dust or fumes. Wash thoroughly after handling.

FIRST AID

If swallowed: Call a poison control center or doctor immediately for treatment advice. Chemtrec 1-800-424-9300. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice. Chemtrec 1-800-424-9300. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Chemtrec 1-800-424-9300. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Chemtrec 1-800-424-9300. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

FOR SWIMMING POOLS

1. Turn off pump before application.
2. Brush algae spots with a steel brush before adding this product.
3. Sprinkle this product directly over the pool walls and floor on which algae appears. Use approximately 1 pound per 10,000 gallons of pool water. For severe cases the dosage may be doubled.
4. Filter pump can be turned on after this product has been in the pool for at least 8 hours.
5. Brush pool again with stainless steel brush.
6. Do not use pool until chlorine residual falls below 3 ppm.

SUPERCHLORINATE

1. Check residual chlorine with a reliable test kit. If below 1.0 ppm broadcast over the pool with this product for every 12,000 gallons of water. Repeat application until a 1.0-1.5 ppm residual chlorine is obtained.
2. In extremely hot weather or extreme bathing loads, a shock dosage of chlorine may be used. For every 10,000 gallons of pool water, 1 oz. of this product for each 6,000 gallons of pool water will provide 11 ppm of chlorine.
3. Be sure to measure pH immediately after application and at least once each week. Adjust pH to 7.2-7.8 if necessary by adding a suitable agent such as sodium bisulfate to decrease pH, or soda ash to increase pH. Follow instructions for use on labels of these products.

HOW TO CALCULATE POOL CAPACITY

SHAPE OF POOL	GAL. OF WATER (Dimensions in ft.)
Rectangular.....	Average depth X average length X average width X 7.5
Circular.....	Diameter X diameter X average depth x 5.9
Oval with straight sides.....	Full width X full length X average depth X 6.7
Irregular.....	Consult pool builder

STORAGE AND DISPOSAL

STORAGE: Keep this product dry in a tightly sealed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding the container.

DISPOSAL: Do not reuse empty container. Disposal instructions: Call your local solid waste agency or 1-800-CLEANUP (253-2687) for proper disposal of empty containers and unused product.

ENVIRONMENTAL HAZARD

THIS PESTICIDE IS TOXIC TO FISH AND AQUATIC ORGANISMS. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer system without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of EPA.

GENERAL NOTES: This product is a concentrated form of chlorine. It is 100% soluble, since it is granular, this product can be added to the pool without the splashing associated with liquids. This product is fast-dissolving. It maintains its high strength for at least one year if kept in a cool dry place. It is product contains a built-in stabilizer to reduce chlorine loss in sunlit pools. It contains no scale forming minerals which can collect on the walls of the heater tubes and on the sides of the pool.

NOT RECOMMENDED FOR USE WITH VINYL LINER POOLS.
