OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

October 13, 2016

Tyler Murray Regulatory Specialist Haviland Consumer Products, Inc. 421 Ann Street NW Grand Rapids, MI 49504

Subject: Notification per PRN 98-10 – Notification to insert optional marketing statements

Product Name: SUPER 90 TRICHLORO GRNAULES

EPA Registration Number: 57787-19 Application Date: August 22, 2016

Decision Number: 521428

Dear Mr. Murray:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Melanie Bolden at (703) 347-0165 or via email at Bolden.Melanie@epa.gov.

Sincerely,

Demson Fuller

Product Manager – Team 32

Regulatory Management Branch II

Antimicrobials Division (7510P)

All italicized text is administrative and will not appear on final label.

All text in brackets [brackets] is optional and may or may not be included on final label.

SUPER 90 TRICHLORO GRANULES

NOTIFICATION

57787-19

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

10/13/2016

[For Use in Concrete Pools Only]

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Chemtrec 1-800-424-9300. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice. Chemtrec 1-800-424-9300.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Chemtrec 1-800-424-9300.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Chemtrec 1-800-424-9300.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

See additional precautions on [back] [side] panel.

ACTIVE INGREDIENT

Packaged by:

Haviland Consumer Products, Inc. 421 Ann St. NW Grand Rapids, MI 49504

EPA Reg. No. 57787-19

EPA Est. No. 34298-MI-1

Net Contents: (see container label)

Batch Code # / Lot #: (see container label)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER

Corrosive. Causes eye damage - Protect eyes when handling. May be harmful or fatal if swallowed. May cause chemical burns. Contact with other materials may cause fire or explosion or result in dangerous pressure, especially if heated. Contact with water or moist air liberates irritating and hazardous gases. Do not get in eyes, skin or clothing. Avoid breathing dust or fumes. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

THIS PESTICIDE IS TOXIC TO FISH AND AQUATIC ORGANISMS. Do not discharge effluent containing this product into lakes and streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer system without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of EPA.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

FOR SWIMMING POOLS

- 1. Turn off pump before application.
- 2. Brush algae spots with a steel brush before adding this product.
- 3. Sprinkle this product directly over the pool walls and floor on which algae appears. Use approximately 1 pound per 10,000 gallons of pool water. For severe cases the dosage may be doubled.
- 4. Filter pump can be turned on after this product has been in the pool for at least 8 hours.
- 5. Brush pool again with stainless steel brush.
- **6.** Do not use pool until chlorine residual falls below 3 ppm.

SUPERCHLORINATE

- 1. Check residual chlorine with a reliable test kit. If below 1.0 ppm broadcast over the deepest end of the pool 4 oz. of this product for every 12,000 gallons of water. Repeat application until a 1.0 1.5 ppm residual chlorine is obtained.
- 2. In extremely hot weather or extreme bathing loads, a shock dosage of chlorine may be obtained by broadcasting this product directly into pool water. 1 oz. of this product for each 6,000 gallons of pool water will provide 1.1 ppm of chlorine.
- 3. Be sure to measure pH immediately after application and at least once each week with a reliable pool test kit. Adjust pH to 7.2 7.8 if necessary by adding a suitable agent such as sodium bisulfate to decrease pH, or soda ash to increase pH. Follow instructions for use on labels of these products.

HOW TO CALCULATE POOL CAPACITY

SHAPE OF POOL	
Rectangular	Average depth x average length x average width x 7.5
Circular	
Oval with straight sides	Full width x full length x average depth x 6.7
Irregular	Consult pool builder

GENERAL NOTES: This product is a concentrated form of chlorine. It is 100% soluble, since it is granular, this product can be added to the pool without the splashing associated with liquids. This product is fast- dissolving. It maintains its high strength for at least one year if kept in a cool dry place. This product contains a built-in stabilizer to reduce chlorine loss in sunlit pools. It contains no scale forming minerals which can collect on the walls of the heater tubes and on the sides of the pool.

NOT RECOMENDED FOR USE WITH VINYL LINER POOLS.

STORAGE AND DISPOSAL

(Household / Residential Use)

Nonrefillable container. Do not reuse or refill this container. Securely wrap original container in several layers of newspaper and discard in trash or offer for recycling if available.

(Commercial / Industrial / Institutional Use)

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Keep this product dry in a tightly sealed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding the container.

Pesticide Disposal: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
