

# Suttocide A 50% Solution

## PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND  
DOMESTIC ANIMALS

**WARNING:** Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles and gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco products. Remove contaminated clothing and wash before reuse.

## ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not cleared for use in paper or adhesives which may come into contact with food. SUTTOCID A 50% SOLUTION should not be used in products where prolonged human dermal contact is expected or which may come in direct contact with food.

Products containing SUTTOCID A 50% SOLUTION may not make claims of antimicrobial activity other than protection of the article itself against growth of bacteria and mold in the treated article. If growth of bacteria and fungi in the treated article would lead to unpleasant odors and discoloration of the treated article, then such a claim may be made.

SUTTOCID A 50% SOLUTION is a biocidal agent used to inhibit the growth of bacteria and fungi. It is for indoor commercial and industrial use and is generally effective at concentrations of 0.1% to 0.5% (2 to 10 gallons of SUTTOCID A 50% SOLUTION per 1,000 gallons of the product being treated. This will yield 1,000 to 5,000 ppm of active ingredient). The concentration of SUTTOCID A 50% SOLUTION necessary for adequate preservation will depend on a variety of factors including the use of other raw materials which may provide nutrients for bacterial growth. To determine more precise application rates, all products should be subject to microbial challenge testing.

A Broad Spectrum Preservative and Biocide

### ACTIVE INGREDIENT-

Sodium Hydroxymethylglycinate..... 50.0%  
INERT INGREDIENTS..... 50.0%  
TOTAL: 100.0%

## WARNING

KEEP OUT OF REACH OF CHILDREN

| FIRST AID  |  |
|--|--|
| IF IN EYES:  | <ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15-20 minutes; then continue rinsing eye. Remove contact lenses, if present, after the first 5 minutes; then continue rinsing eye.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>                                  |
| IF ON SKIN OR CLOTHING:  | <ul style="list-style-type: none"> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>  |
| IF INHALED:  | <ul style="list-style-type: none"> <li>Move person to fresh air.</li> <li>If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably mouth-to-mouth if possible.</li> <li>Call a poison control center or doctor for further treatment advice.</li> </ul>  |
