Subject: Adding Two Alternate Brand Names
EPA Reg. No. 57978-4
Notification Letter Dated September 3, 2013

This letter acknowledges receipt of the Notification identified above submitted under the provisions of section 3(c)(9) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended and PR Notice 98-10. This Notification requests to add the following alternate brand names:

- Integra 44 Microbiocide
- Nuosept 44 Microbiocide

Based on a review of the submitted information, this notification is acceptable. This information has been made a part of your file.

Should you have any questions concerning this letter, please contact Elizabeth Watkins at (703) 347-0241.

Sincerely,

Elizabeth H. Watkins for

Marshall Swindell

**RE: Notification per PR Notice 98-10
Suttocide A 50% Solution (EPA Reg. No. 57978-4)**

I am submitting an application for Pesticide Notification to propose alternate brand names for Suttocide A 50% Solution (EPA Reg. No. 57978-4) in accordance with PR Notice 98-10. The new alternate brand names for Suttocide A 50% Solution are:

Integra 44 Microbiocide
Nuosept 44 Microbiocide

To support this Notification of Alternate Brand Name, I am submitting an Application for Pesticide Notification, which includes a signed statement certifying compliance with PR Notice 98-10 and a copy of the final printed labeling for the alternate brand name.

Thank you in advance for your assistance with this Notification. If you have any questions, you can reach me at 973-628-3192 or by e-mail at krosario@ashland.com.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles and gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco products. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

ACTIVE INGREDIENTS:

Sodium Hydroxymethylglycinate..... 50.00%
INERT INGREDIENTS..... 50.00%
TOTAL..... 100.00%

EPA Reg. No. 57978-4

EPA Est. No. 57978-NJ-01

KEEP OUT OF REACH OF CHILDREN WARNING

FIRST AID

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR ON CLOTHING:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment.

IF INHALED:

Move the person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:

Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

EMERGENCY MEDICAL INFORMATION:

800-241-7439

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL

STORAGE- Store in a secure area at temperatures between 45°F and 85°F.

PESTICIDE DISPOSAL - Do not contaminate water, food, or feed by storage and disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

[The following container disposal directions should be used for containers equal to or less than 5 gallons]

Non-refillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying.

Triple rinse as follows: Empty the remaining contents into application

equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill, or by incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

[The following container disposal directions should be used for containers greater than 5 gallons]

Non-refillable Container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll back and forth ensuring at least one complete revolution for 30 seconds.

Stand the container on its end and tip back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill, or by incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

DIRECTIONS FOR USE

A BROAD SPECTRUM PRESERVATIVE AND BIOCIDES

INTEGRA 44 IS AN INDUSTRIAL MICROBIOCIDES FOR USE IN AQUEOUS COMPOSITIONS, SUCH AS LIQUID SOAPS*, FABRIC CLEANING & CARE PRODUCTS*, WATER-BASED CLEANING PRODUCTS, WATERBORNE COATINGS, WATER-BASED ADHESIVES, PRINTING SUPPLIES, POLISHES* AND TEXTILE EMULSIONS.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not cleared for use in paper or adhesives which may come into contact with food. INTEGRA 44 MICROBIOCIDES should not be used in products where prolonged human dermal contact is expected or which may come in direct contact with food.

Products containing INTEGRA 44 MICROBIOCIDES may not make claims of antimicrobial activity other than protection of the article itself against growth of bacteria and mold in the treated article. If growth of bacteria and fungi in the treated article would lead to unpleasant odors and discoloration of the treated article, then such a claim may be made. INTEGRA 44 MICROBIOCIDES is a biocidal agent used to inhibit the growth of bacteria and fungi. It is for indoor commercial and industrial use and is generally effective at concentrations of 0.1% to 0.5% (2 to 10 gallons of INTEGRA 44).

MICROBIOCIDES per 1,000 gallons of the product being treated. This will yield 1,000 to 5,000 ppm of active ingredient). The concentration of INTEGRA 44 MICROBIOCIDES necessary for adequate preservation will depend on a variety of factors including the use of other raw materials which may provide nutrients for bacterial growth. To determine more precise application rates, all products should be subject to microbial challenge testing.

*These use applications are not approved for use in California.
