Directions for Use section comment(s):

- 4. To facilitate inclusion of required language from the DEET Reregistration Eligibility Decision (RED), replace paragraphs 1 and 2 with: "Hold container upright about 6 to 8 inches from skin or clothing and spray with a slow sweeping motion. **DO NOT** spray in enclosed areas. **TO APPLY TO FACE:** When using sprays, **DO NOT** spray directly into face; spray on palm of hands first and then apply sparingly to face and neck and avoid eyes. **DO NOT** apply near eyes and mouth, and apply sparingly around ears. For best protection spread evenly with your hand to moisten all exposed skin and/or clothing. **DO NOT** apply over cuts, wounds or irritated skin. Use just enough repellent to cover exposed skin. Avoid over-application of this product. Heavy application and saturation is unnecessary for effectiveness. **WORKS ON OUTER SURFACES OF CLOTHING TOO: DO NOT** use under clothing. Apply to clothing such as shirts, pants, hat and socks and around other openings in outer clothing. **DO NOT** allow children to handle this product, and **DO NOT** apply to children's hands. When using on children, apply to your own hands and then put it on the child. After returning indoors, wash treated skin with soap and water or bathe. Wash treated clothing before wearing it again. **Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you.** WILL NOT DAMAGE cotton, wool or nylon fabrics. May damage some synthetic fabrics (other than nylon), furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (including automobiles)."

Storage and Disposal Statement section comment(s):

- 5. To facilitate inclusion of language from PR Notice 2007-1, replace this section with:

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**Pesticide Storage:** Store this product away from open heat or flame in an area inaccessible to children.

**Pesticide Disposal:** Do not incinerate! **If empty:** Offer for recycling, if available. **If partly filled:** Call your local solid waste agency [or toll free number or website which meets the criteria in paragraph II.E., P.R. Notice 20007-1] for disposal instructions. Never place unused product down any indoor or outdoor drain.

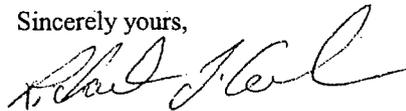

To be eligible for reregistration, aerosol and pump spray formulations must be packaged in containers utilizing a concave trigger to help aim product or other comparable mechanism that will ensure that the product will not be inadvertently sprayed in the eyes.

The Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label stamped "Accepted with Comments" is enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.
