Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with section 3(c)(7)(A) of FIFRA provided that you:

1. Submit and/or cite all data required for registration of your product under section 3(c)(5) of FIFRA when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under section 4 of FIFRA.

2. Make the following change(s) to the label:

- a. Change the product registration number to "EPA Reg. No. 580007-10"
- b. Make the following label revision(s):

General Statement:

1. Delete all text throughout the label marked with "~~strike through~~."

Precautionary Statements, Hazards to Humans section comment(s):

2. To facilitate inclusion of language from the RED for DEET, insert the following text immediately following the 4th sentence in this section: "If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you."
3. Revise the existing 6th sentence to read "Wash hands thoroughly after handling and before eating, drinking, chewing gum, using tobacco or using the toilet."

First Aid Statement section comment(s):

4. To facilitate inclusion of language from the RED for DEET, delete the existing 3rd row of text in this section (table) entitled "If You Suspect a Reaction to this Product." This language is being replaced with revised/updated text which has been inserted in Point #2 above.

Physical and Chemical Hazards Statement section comment(s):

5. Insert the following text immediately following the 1st sentence in this section: "Keep treated surfaces away from fire, sparks or open flame until dry."

Storage & Disposal section comment(s):

6. Replace the "Pesticide Storage:" statement with: "Pesticide Storage: Store this product in a cool, dry place away from heat or flame in an area that is inaccessible to children."
7. To facilitate inclusion of language from PR Notice 2007-4, replace the existing "Disposal:" statement with:

"[The following is for individually-wrapped towelettes]"

Disposal: Before disposing, empty package by using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash.

"[The following is for outer containers containing individually-wrapped towelettes]"

Disposal: Before disposing, empty package by using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash. Place outer container in trash or offer for recycling, if available."

Directions for Use section comment(s): To facilitate inclusion of language from the RED for DEET, incorporate the following label revision(s):

8. Within the 1st paragraph of this section, replace the existing 2nd and 3rd sentences with "Moisten all exposed skin evenly and completely. Some adults may need more than one towelette for adequate coverage."
 9. Revise the subsection heading "GENERAL PRECAUTIONS AND RESTRICTIONS" to read "USE RESTRICTIONS AND PRECAUTIONS."
 10. Within the 2nd paragraph of this section, replace the existing 5th sentence with "When using on children, apply to your own hands and then put it on the child."
3. You must submit two (2) copies of the revised final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

3/6
Current labels on DEET repellent products tend to dissolve from contact with the repellent (usually liquids). All reregistered DEET product labels must use materials that remain permanent and readable for the reasonable life of the product.

3M Materials Environmental Health & Safety should note that the Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

Should you wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

A copy of your label stamped "Accepted with Comments" is enclosed for your records. If you have any questions about this label review, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.
