Attention: Attention: Mr. Peter F. Vogt

Subject: ReJeX-iT TP-40
EPA Registration No. 58035-7
Your submissions of April 11 and June 30, 1995

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following labeling changes:

1. Amend the "USE RESTRICTIONS" portion of the "DIRECTIONS FOR USE" to read as indicated below.

"USE RESTRICTIONS: This product may be used to repel starlings, brown-headed cowbirds, ring-billed gulls, Canada geese, and mallards from landfills; non-fishbearing bodies of water (tailing ponds, commercial or industrial water impoundments); and temporary pools of standing water located at or near airports."

2. Insert the subheading "APPLICATION DIRECTIONS:", left-justified, below the end of the "USE RESTRICTIONS" paragraph and above the paragraph which pertains to the water uses.

Change the heading for the paragraph pertaining to water uses to read

Non-fishbearing bodies of water (tailing ponds, impoundments, and temporary pools at airports)

3. There are many hyphenations at the ends of lines of text on the label submitted on April 11, 1995, whereas there are none at all on the current label. We feel that these hyphenations are unnecessary, as ample open space exists on the label, and make the label more difficult to read.

183

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (H7504C)

Enclosure: 1. Stamped Label
2. A-79 Enclosure

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Do not get in eyes or on clothing. When handling, wear safety glasses, and dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C). Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

For terrestrial uses, do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark.

ReJeX-iT® TP-40

ACTIVE INGREDIENT:

Methyl Anthranilate(MA), methyl 2-aminobenzoate.....40.0%

INERT INGREDIENTS60.0%

TOTAL 100.0%

STORAGE

STORAGE: Store only in inaccessible to children from other pesticides, cross-contamination from in use.

REPELLENT DISPOSAL: that cannot be used disposed of according

Wastes resulting from t on site or at an approved

CONTAINER DISPOSAL: reconditioning, or puncture by other procedure approved

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to repel starlings, brown-headed cowbirds, ring-billed gulls, Canada geese, and mallards from landfills and non-fishbearing bodies of water.

Non-fishbearing bodies of water: (Lakes, Ponds, including tailing ponds and commercial/industrial impoundments): Apply ReJeX-iT® TP-40 at a rate of 20 lbs per acre (8 lbs a.i. per acre) of water surface at 3-4 week intervals. Adjust timing of subsequent applications as required by bird activity and anticipated seasonal migrations. Best applied by spray equipment directly without any further dilution.

Landfills: Apply ReJeX-iT® TP-40 at a rate of 20 lbs per acre (8 lbs a.i. per acre) directly to the active face as soon as the birds start to arrive. Repeat application as long as birds persist.

ReJeX-iT® TP-40 has been formulated from Food Grade ingredients that exceed US Food Chemical Codex (FCC) specifications.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Left Panel for additional precautionary statements.
