Application for Pesticide - Section I

1. Company/Product Number 58266-02	2. EPA Product Manager Mary Waller	3. Proposed Classification ☐ None ☒ Restricted
4. Company/Product (Name) Tri-Clor	PM# 21	
5. Name and Address of Applicant (Include ZIP Code) Shadow Mountain Products Corporation P. O. Box 1327 Hollister, CA 95024 ☐ Check if this is a new address	6. Expedited Review. In accordance with FIFRA Section 3(c)(3) (b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____ Product Name _____	

Section - II

☐ Amendment - Explain below.	☐ Final printed labels in response to NOTIFICATION Agency letter dated _____
☒ Resubmission in response to Agency letter dated _____	☐ "Me Too" Application. JAN 14 1999
☒ Notification - Explain below.	☐ Other - Explain below.

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification of other minor revisions per PR Notice 98-10, see attachments.

Section - III

1. Material This Product Will Be Packaged In:				2. Type of Container	
Child-Resistant Packaging ☐ Yes* ☒ No	Unit Packaging ☐ Yes ☒ No	Water Soluble Packaging ☐ Yes ☒ No		☒ Metal	
If "Yes" Unit Packaging wgt. No. per container			If "Yes" Package wgt. No. per container	☐ Plastic	
				☐ Glass	
				☐ Paper	
				☐ Other (Specify) _____	
3. Location of Net Contents Information ☒ Label ☐ Container		4. Size(s) Retail Container 175, 360 lbs.		5. Location of Label Directions ☒ On Label ☐ On Labeling accompanying product	
6. Manner in Which Label is Affixed to Product ☒ Lithograph ☐ Paper glued ☐ Stenciled				☐ Other _____	

Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Mardel Belotinsky	Title Regulatory Affairs Specialist	Telephone No. (Include Area Code) (831) 637-0195
Certification I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.		6. Date Application Received (Stamped)
2. Signature <i>Mardel Belotinsky</i>	3. Title Regulatory Affairs Specialist	
4. Typed Name Mardel Belotinsky	5. Date 12/23/98	

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER

THIS FUMIGANT IS A HIGHLY HAZARDOUS MATERIAL AND MUST BE HANDLED WITH CARE ONLY BY THOSE INDIVIDUALS EXPERIENCED WITH ITS PROPER USE. CONSULT YOUR DEALER REPRESENTATIVE OR THE DISTRIBUTOR FOR CORRECT PROCEDURE BEFORE USING. READ AND FOLLOW ALL LABEL DIRECTIONS AND PRODUCT LITERATURE SPECIFIC TO YOUR REQUIREMENTS.

POISONOUS LIQUID AND VAPOR. INHALATION MAY BE FATAL. CHLOROPICRIN IS READILY IDENTIFIABLE BY SMELL. EXPOSURE TO VERY LOW CONCENTRATIONS OF VAPOR WILL CAUSE IRRITATION OF EYES, NOSE, AND THROAT. CONTINUED EXPOSURES AFTER IRRITATION IS EVIDENT, OR HIGHER CONCENTRATIONS, MAY CAUSE PAINFUL IRRITATION TO EYES OR TEMPORARY BLINDNESS. LIQUID WILL CAUSE CHEMICAL BURNS TO SKIN OR EYES. DO NOT GET ON SKIN, IN EYES, OR ON CLOTHING. HARMFUL OR FATAL IF SWALLOWED.

CHLOROPICRIN FUMIGANT HAS THE CAPACITY TO CAUSE MARKED IRRITATION TO THE UPPER RESPIRATORY TRACT, AND IS A STRONG LACHRYMATOR (TEAR PRODUCING EYE IRRITANT). LOW CONCENTRATIONS, BELOW THOSE NECESSARY TO CAUSE SERIOUS SYSTEMIC INTOXICATION, ARE CAPABLE OF CAUSING SEVERELY PAINFUL EYE IRRITATION. HENCE WILL NOT BE VOLUNTARILY TOLERATED. HOWEVER, THE EFFECT MAY BE SO POWERFUL THAT A PERSON MAY BECOME TEMPORARILY BLINDED AND PANIC-STROCKEN AND THAT IN TURN MAY LEAD TO ACCIDENTS.

AIR CONCENTRATION LEVEL

The acceptable air concentration level for persons exposed to chloropicrin is 0.1 ppm (0.7 mg/m³). If the air concentration level exceeds 0.1 ppm an air-purifying respirator must be worn. If the air concentration level exceeds 4 ppm an air supplying respirator must be worn. The air concentration level is measured by a direct reading detection device, such as a Matheson-Kaizer-Jones.

PERSONAL PROTECTIVE EQUIPMENT

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category H on an EPA chemical resistance category selection chart.

Applications and other handlers must wear:

- Loose-fitting or well-ventilated long-sleeved shirt and long pants
- Shoes and socks
- Full-face shield or safety glasses with brow and temple shields (Do NOT wear goggles.)
- When the acceptable air concentration level is above 0.1 ppm and a respirator is required, protect the eyes by wearing a full-face respirator.
- No respirator is required, if the air concentration level of chloropicrin in the working area is measured to be less than 0.1 ppm.
- A respirator is required under the following circumstances:
 - If the air concentration level exceeds 0.1 ppm at any time, applications and other handlers must wear (a) a respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), OR (b) a respirator with a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G) or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P, or HE prefilter.
 - If the air concentration level exceeds 4 ppm at any time, applications and other handlers must wear (a) a supplied-air respirator (MSHA/NIOSH approval number prefix TC-13C) OR (b) a self-contained breathing apparatus (SCBA) (MSHA/NIOSH approval number prefix TC-13P).

WORK SAFETY REQUIREMENTS

- Do not wear jewelry, gloves, goggles, tight clothing, rubber protective clothing, or rubber boots when handling. Chloropicrin is heavier than air and can be trapped inside clothing and cause skin injury.
- Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product. Do not reuse them.
- Clean Personal Protective Equipment (PPE) after each day's use. Immediately after contamination remove outer clothing, shoes, and socks and do not reuse until thoroughly washed or sanitized. Keep such clothing and shoes outdoors until thoroughly washed. Then follow the PPE manufacturer's instructions for cleaning/maintaining PPE. If there are no such instructions, use detergent and hot water. Keep and wash PPE and work clothing separately from other laundry.
- Follow PPE manufacturer's instructions for cleaning/maintaining protective eyewear, face shields and respirators.

USER SAFETY RECOMMENDATIONS

Users should:

- 1) Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- 2) Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- 3) Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.
- 4) Supply your physician with information on Chloropicrin, which is available from your Dealer Representative or the Distributor.

ENVIRONMENTAL HAZARD

This fumigant is toxic to fish and aquatic invertebrates. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

CHEMICAL HAZARD

Do not use containers or application equipment made of magnesium, aluminum, or their alloys, as under certain conditions this fumigant may be severely corrosive to such metals. Do not permit water to be used to clean the fumigant pressure system as corrosion will result. Diesel oil is satisfactory for this purpose.

RESTRICTED USE PESTICIDE

For retail sale to and use only by Certified Applicators, or persons under their direct supervision, and only for those uses covered by the Certified Applicator's certification.

TRI-CLO FUMIGANT

ACTIVE INGREDIENT:	
CHLOROPICRIN	99%
INERT INGREDIENTS	1%
TOTAL	100%

This product weighs 13.7 pounds per gallon.

KEEP OUT OF REACH OF CHILDREN

DANGER

PELIGRO

POISON

PELIGRO: Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

**IN ALL CASES OF EXPOSURE
GET MEDICAL ATTENTION IMMEDIATELY.
TAKE PERSON TO A DOCTOR OR
AN EMERGENCY TREATMENT FACILITY.**

STATEMENT OF PRACTICAL TREATMENT

IF INHALED: Get exposed person to fresh air. Keep warm. Make sure person can breathe freely. If breathing has stopped, give artificial respiration, preferably mouth-to-mouth. Do not give anything by mouth to an unconscious person.

IF ON SKIN: Immediately remove contaminated clothing, shoes, and other items covering the skin. Wash contaminated skin area thoroughly with soap and water.

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for at least 15 minutes.

NOTE TO PHYSICIAN: Chloropicrin is a volatile liquid that is the active ingredient in tear gas. As a gas it is a powerful lachrymator. Early symptoms of overexposure are lachrymation, respiratory distress, and vomiting. Pulmonary edema may develop later. Treatment is symptomatic.

See side panel for additional precautionary statements

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated area under tight seal. Do not store in areas where food, feed, or other products are stored. Do not store in areas where children or pets are present. Do not store in areas where food, feed, or other products are stored. Do not store in areas where children or pets are present.

RETURN CYCLING: This fungicide is classified as a Restricted Use Pesticide (RUP) under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). It is not to be sold or distributed to the general public. It is to be sold only to certified applicators or persons who have been trained and certified by a certified applicator.

DIRECTIONS FOR USE

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

PLACING OF FUNGICIDE AREAS

The fungicide should be placed in a cool, dry, well-ventilated area under tight seal. Do not store in areas where food, feed, or other products are stored. Do not store in areas where children or pets are present.

PRECAUTIONS TO FOLLOW

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

FIELD PRECAUTIONS: Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

GENERAL INSTRUCTIONS

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

FIELD PRECAUTIONS: Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

APPLICATION OF TRICLOZOL THROUGH DRIP LINE

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

FIELD PRECAUTIONS: Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

RECOMMENDED DOSAGES - PREPLANT SOIL FUMIGATION

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

FIELD PRECAUTIONS: Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.

RECOMMENDED DOSAGES - PREPLANT SOIL FUMIGATION

Read the entire label carefully before using this fungicide. Do not use this fungicide in a manner inconsistent with the directions on this label. Do not use this fungicide in a manner inconsistent with the directions on this label.
