

15 SEP 1993

Mr. Carl E. Campbell
Campbell Chemicals, Inc.
252 Old Sulphur Spring Rd.
Manchester, MO 63121

Dear Mr. Campbell:

Subject: Revised Labeling
Camicide 2-in-1 Formula 2X
EPA Reg. No. 58284-5
Submission dated August 5, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Modify your label by adding the following precautions: "In hospitals, remove all patients prior to treatment. Ventilate area for 2 hours before returning patients."
- 2) Also, modify the statement, "Do not apply to water", in your Environmental Hazards paragraph to read: "Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark "

Before further consideration can be given to your product formulation dated August 2, 1993, you must have your supplier submit, directly to us, the complete composition for the fragrance, **Vanilla fragrance Chemia #5024**, referencing your reg. no. in their response. All chemical components should be listed by CAS number and percent in the mixture.

Sincerely,

Adam Heyward
Acting Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (H7505C)

INERT INGREDIENTS:	99.30%
	100.00%

**FLYING and CRAWLING
INSECT KILLER**

**KEEP OUT OF REACH OF CHILDREN
CAUTION
See Back Panel for
Additional Precautionary Statements**

**Precautionary Statements
HAZARDS TO HUMANS &
DOMESTIC ANIMALS**

CAUTION! Harmful if swallowed or absorbed through skin. Avoid breathing of vapor or contact with eyes or skin. Vacate premises after treatment and ventilate before reoccupying. Do not use in commercial food processing or preparation areas. Avoid contamination of feed and foodstuffs. When using this product, food should be removed or covered during treatment or thoroughly cleaned before using. Do not apply over uncovered milk or food products. Any exposed utensils or food handling surfaces should be thoroughly cleaned with an effective cleaning compound followed by a potable water rinse before using. Remove pets, birds and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply to water. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not use in areas where fish or reptiles may be exposed to the spray. Do not spray directly on plants or shrubbery.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near fire, flame, sparks, or heated surfaces. Do not puncture or incinerate containers. Exposure to temperatures above 100° F may cause bursting.

**STATEMENT OF
PRACTICAL TREATMENT**

If swallowed: Drink a large amount of milk or water. Do NOT induce vomiting because of aspiration hazard. Call a physician (or Poison Control Center) immediately. If in eyes: Flush with plenty of water. See a physician. If on skin: Remove contaminated clothing and wash affected area with soap and water. If inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

DIRECTIONS FOR

It is a violation of Federal Law to use this product in a manner inconsistent with the label. Kills exposed or accessible flying insects when used as directed. **BEFORE USING.**

TO KILL ANTS, COCKROACHES, SILVERFISH, SPIDERS, Apply thoroughly to infested areas. Kills many insects as possible. Apply to cracks, crevices, and hidden places, furniture, and appliances, warm, moist, or dark areas and trails when possible.

TO KILL FLIES, MOSQUITOES, BITING MOTHS, WEBBING BEETLES and GNATS: Close all doors and windows. Spray exposed food, utensils, and dishes. Spray directly upward into ceiling. Sweep slowly, sweeping motion. Spray entire average room. Exit room and wait for 15 minutes after spraying. Re-enter completely before re-entry. Avoid breathing. Remove and destroy downy mildew.

TO KILL FLEAS: Remove bedding and thoroughly spray living quarters. Spray cracks, crevices, eggs and hidden insects. Repeat. Replace clean bedding when dry. Repeat as needed.

TO KILL CARPET BEETLES: Kill many insects as possible. Spray exterior of upholstered furniture, bottoms of rugs and carpeting, to closets, shelves, drawers, areas, and areas under furniture as needed.

TO KILL EXPOSED FLOUR BEETLES, SAW TOOTH BEETLES, LESSER GRAIN BEETLES, WEEVILS: Find and destroy infested goods. Remove all other infested goods. Treat. Spray shelves and drawers, pallets and shelves for wall surfaces to dry completely. Remove paper, utensils, or food items.

TO KILL WASPS: Spray rooms late evening when insects are active. Contact as many insects as possible. Repeat as needed.

STORAGE AND DISPOSAL: Do Not Reuse Container. Wrap and Put in Plastic. Storage: Store in a Closed Container.

Important Note: Buyer should read use, storage or handling instructions in strict accordance with label herewith.

ACCEPTED with COMMENTS in EPA Letter Dated 15 SEP 1993
Under the Federal Insecticide, Fungicide, and Rodenticide Act, amended, for the pesticide registered under EPA Reg. No. 58284-3
