US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 58349-7	DATE OF ISSUANCE SEP 12 1988
	TERM OF ISSUANCE Until Reregistered	
	NAME OF PESTICIDE PRODUCT Fly Control Range Meal	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Wendland's Farm Products, Inc.
 P.O. Box 40
 Irving, TX 76001

100 / 212 JCL / 18

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

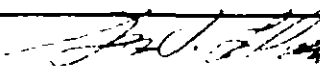

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit new data.
2. Mark the labeling claims listed below before you release the product for sale:
 - a. Add the phrase "EPA Registration No. 58349-7."
 - b. The words "ACTIVE INGREDIENT(S)" and "INERT INGREDIENT(S)" must be printed in two of the same size and be given equal prominence. The words "ACTIVE INGREDIENT(S)" and "INERT INGREDIENT(S)" must be aligned to the same margin.
 - c. Change "EPA REGISTRATION NO. 58349-7" to "EPA REGISTRATION NO. 58349-7".
 - d. Change "Do not contaminate water by cleaning of equipment or disposal of waste" to "Do not contaminate water with cleaning or disposal of equipment/waste."

SIGNATURE OF APPROVING OFFICIAL	DATE
	9/12/88

- e. Change DIRECTIONS FOR FEEDING USE to DIRECTIONS FOR USE.
- f. Use the full product name or "this product" within the Directions for Use.
- g. Insert single and double asterisks at appropriate points on front panel to agree with footnotes.

3. Please provide the chemical identity and Material Safety Data Sheet for the following:

- a. Animal protein products;
- b. Plant protein products;
- c. Grain products; and
- d. Processed grain byproducts.

4. Please provide the following Data Matrix requirements:

- a. Discussion of Formation of [Unintentional] Ingredients--a brief description of impurities formed during the manufacturing/formulation process, in packaging, or during storage. If you do not expect any impurities during these stages, please so state.
- b. Analytical Method--provide the methods used to analyze for the active ingredients. Provide either the MRID or Accession Number, not the Pesticide Petition Number.

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

WENDLAND'S
FLY CONTROL RANGE MEAL

(contains Rabon^B Oral Larvicide)

Cattle (beef & dairy): Control of fecal flies in manure of treated cattle. Prevents development of face flies, horn flies, house flies and stable flies in the manure of treated cattle.

ACTIVE INGREDIENT

	<u>by Weight</u>
2-Chloro-1-(2,4,5-trichlorophenyl) vinyl dimethyl phosphate	0.087%
Inert Ingredients	99.913%
TOTAL	100.00%

ACCEPTED
with COMMENTS
in EPA Letter Dated:

SEP 12 1963

*Contains 0.395 grams of Rabon per pound.
**Refers only to ingredients which are not larvicidal.

Under the Federal Insecticide
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No

58349-7

GUARANTEED ANALYSIS

Crude Protein, minimum.....	15.00%
(This includes not more than 5.25% equivalent protein from non-protein nitrogen.)	
Crude Fat, minimum.....	2.50%
Crude Fiber, maximum.....	7.50%
Calcium (Ca), minimum.....	2.50%
Calcium (Ca), maximum.....	3.50%
Phosphorus (P), minimum.....	1.00%
Salt (NaCl), minimum.....	23.00%
Salt (NaCl), maximum.....	27.50%

INGREDIENTS

Grain products, plant protein products, processed grain by-products, forage products, animal protein products, roughage products (5%), molasses product, calcium carbonate, monocalcium phosphate, salt, calcium sulfate, potassium sulfate, magnesium sulfate, sodium bicarbonate, magnesium oxide, vitamin A supplement, d-activated animal sterol (source of vitamin D3), vitamin E supplement, manganous oxide, zinc oxide, ferrous sulfate, copper oxide, ethylenediamine dihydriodide, cobalt sulfate and sodium selenite.....

CAUTION USE AS DIRECTED.

KEEP OUT OF REACH OF CHILDREN

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

STORAGE and DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place in original container. ✓

CONTAINER DISPOSAL: Completely empty bag of contents. Then dispose of empty packaging in a sanitary landfill or by incineration, or ✓ if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Pesticide Disposal: Wastes resulting from the use of this may be disposed of on-site or at an approved waste disposal facility. ✓

DIRECTIONS FOR FEEDING USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Rations containing this product may be fed up to slaughter and to lactating dairy cows without withholding the milk from market during or after treatment.

Start feeding Rabon larvicidal feeds early in the spring before flies begin to appear and continue feeding throughout the summer and into the fall until cold weather restricts fly activity.

When fed, this product passes through the digestive system into the animal's manure where it kills fly larvae on contact shortly after fly eggs hatch.

It prevents the development of fly larvae in the manure of treated animals, but is not effective against existing adult flies.

In some cases, supplemental fly control measures may be needed in and around cattle lots and barns to control adult house flies and stable flies which can breed not only in manure but in other decaying vegetable matter or silage on the premises.

In order to achieve optimum fly control, this product should be used in conjunction with other good management and sanitation practices.

Wendland's Fly Control Range Meal should be supplied free choice for cattle, but no less than 0.18 lbs. per/cwt/day should be consumed. An 1100 pound brood cow should consume a minimum of 2-lbs. per head per day. Adjust intake by movement of feed sources closer or farther from sources of water.
