DEC 2 1 2010

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

Olivia Laird, Agent for **Stellar Manufacturing Co.** c/o Laird's Regulatory Consultants, Inc. 17804 Braemar Place Leesburg, VA. 20175-0001

Subject: Stellar Three Inch Tablets EPA Registration Number 58401-13 Application Date: September 28, 2010

Dear Ms. Laird:

The Agency has reviewed your submission in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable with the following conditions: • On the optional marketing language on page 1, delete [Sewage Wastewater Systems] and [Brewery Pasteurizer Water]. Your master label does not have directions for these uses. • On the marketing claims on page 2, delete "Kills bacteria". This claim is too broad and specific public health data in support of this claim are required and the names of the organisms would have to be listed on the label.

• Under Hazards to Humans and Domestic Animals, change "Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco" to "Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet."

• On the optional marketing language on page 6, delete [Sewage Wastewater Systems], [Toilet bowls] and [Brewery Pasteurizer Water]. Your master label does not have directions for these uses.

• On page 6, under the Pool directions, change "The filter system should be backwashed..." to "The filter system must be backwashed..."

In summary, your request to update the Storage and Disposal instructions is approved. A stamped copy of the labeling accepted with conditions is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling. If you have any questions, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Should you have any questions or comments concerning this letter, please contact Tom Luminello at (703) 308-8075.

Sincerely, Wanda Y. Henson

Acting Product Manager 32 Regulatory Management Branch II Antimicrobials Division (7510P)

### **PRECAUTIONARY STATEMENTS** HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if swallowed. Harmful if absorbed though skin or inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing dust. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking or using tobaceo. Remove contaminated clothing and wash before reuse. Lee letter

{Chemical Hazard Statement for end use products in containers less than 1 lb (solid, dry weight)}

PHYSICAL OR CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Do not mix with any other chemicals except water. Mix only with water.

{Chemical Hazard Statement for end use products in containers equal to or greater than 1 lb (solid, dry weight)}

PHYSICAL OR CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Do not mix with any other chemicals except water. Mix only with water. Never add water to product. Always add product to large quantities of water. Only use clean dry utensils. Do not add this product to any dispensing device containing remnants of other product. Such use may cause a violent reaction leading to a fire or explosion. Contamination with moisture, organic material or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire or explosion. Avoid contact with flaming or burning material such as a lighted cigarette. In case of contamination or decomposition do not reseal container. If possible, isolate container in an open and well ventilated area and flood with large amounts of water

{Environmental Hazard Statement for end use products in containers less than 50 lbs (solid, dry weight)} [ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms.]

{Environmental Hazard Statement for end use products in containers equal to or greater than 50 lbs (solid, dry weight)}

[ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.]

{For containers with **Pool** use directions}

Storage and Disposal: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry well ventilated area away from open heat or flame. Do not contaminate food or feed by

storage or disposal. **CONTAINER DISPOSAL**: Nonrefillable comainer. Do not reuse or refill this container. Wrap and put in trash or offer for recycling if available.

{For Rigid, nonrefillable containers with capacities equal to or less than 5 gallons having **Commercial/Commercial Recirculating Water System** use directions}

**Storage and Disposal**: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry well ventilated area away from open heat or flame. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL**: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container <sup>1</sup>/<sub>4</sub> full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling, if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.
